Peace Hopes At Prague Are Given Severe Setback

Unfavorable Turn In Crisis Due To Hitler's Rejection Of Truce Proposal

NEXT MOVE DEPENDS ON HITLER'S ATTITUDE

Fear Increased Tension May Hamper Moves For Peaceful Settlement

By GEORGE LANGWELL
International News Service Staff Correspondent

PRAGUE, Sept. 2.—Hopes for peaceful settlement of the Sudeten crisis received a severe setback today as a result of Chancellor Hitler's rejection of the compromise truce offer advanced by Czechoslovak President Edouard Benes.

Unfavorable Turn
The consensus in official circles here was that the situation—upon which the future of this country and possibly the peace of Europe depend—has taken a serious and unfavorable turn.

Pessimism was increased when President Benes received two of Sudeten leader Konrad Henlein's aides, Deputy Ernst Kuntz and Wilhelm Sebekowsky.

The fact that Benes did not receive Hermann Franke, Henlein's chief deputy leader, was regarded here as an unfavorable sign.

Prague officials gloomily admitted that the "center of gravity" in the peace negotiations has now shifted from Prague to Hitler's retreat at Berchtesgaden, where the Fuehrer and Sudeten leader Konrad Henlein conferred yesterday and where Hitler rejected the Czech peace proposals.

Depends Upon Hitler

PA NEW OBSERVES

All good citizens should support Mayor Charles E. McGrath in his efforts to stop speeding on our streets as the time for opening of school approaches. Speeding should be stopped at all times, but particularly now. It is realized that no matter if our police force were doubled, they could not patrol all streets. Pa New believes that it is up to the good citizens of the city to assist. It is true that the average motorist does not like to report another, but if that other is exceeding the speed limit and endangering life, it is the part of good citizenship to help to enforce the law. There is no use having a speed limit on our streets, and then permitting it to be wantonly broken. One trouble is that enforcement of the law too often goes by spurts. It should be enforced all the time.

Although there are about ten teachers for every vacancy in the city and county schools, Superintendent Donald E. Cole of Slippery Rock township schools is having a difficult job to find teachers. The job in question is that of teaching commercial subjects in the Princeton high school. The teacher who had an application in for the job was able to find one better, and the township board now has a job on its hands of finding someone capable of filling the post.

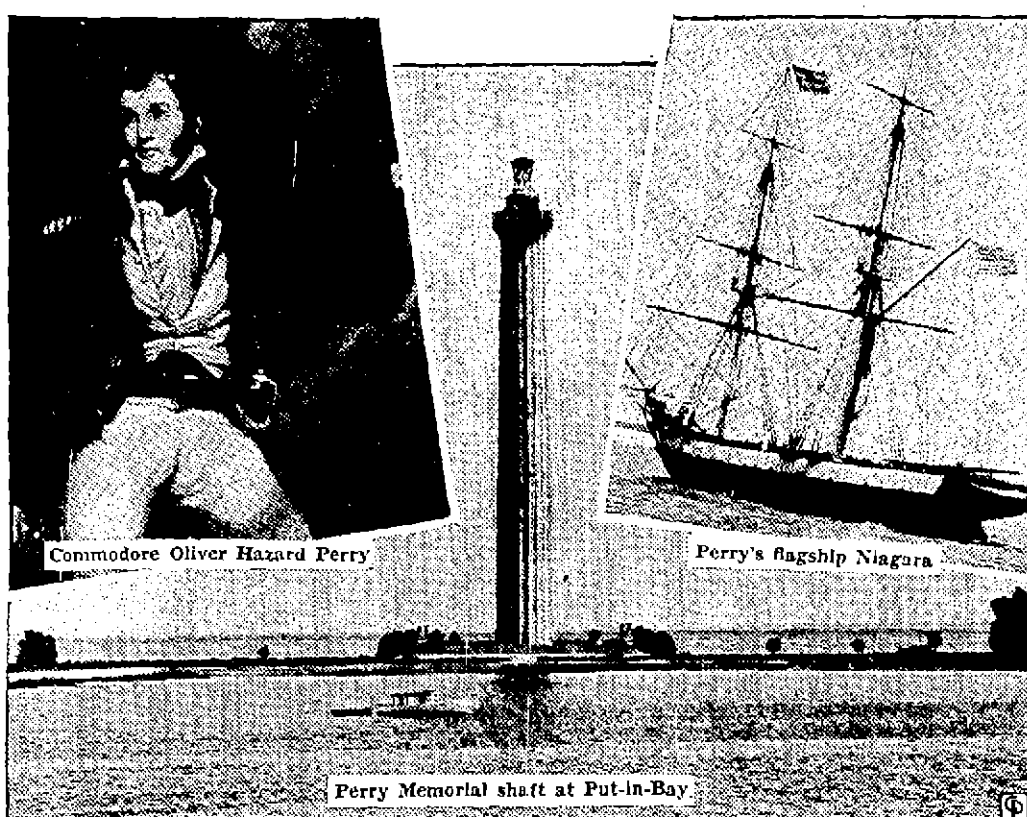

Pa New went into a business house today where some repair work was being done. The contractor came to the proprietor to ask some question, and with him was a bright-looking young man who was evidently learning his trade. We find so few young men learning trades nowadays that Pa New felt like taking his hat off to this young apprentice. In the old days it was the customary thing for a young man to serve from three to four

Missouri Girl Weds Arabian

Parents Of Girl Ask Authorities To Detain Couple At New York

FEAR DAUGHTER MAY END IN HAREM

(International News Service)
NEOSHO, Mo., Sept. 2.—Fearing their daughter was to end up in a harem, the parents of 17-year-old Doris Hisaw who eloped with a reputedly wealthy Arabian, today anxiously awaited word of the couple's detention in New York.

The girl's father, Ous Hisaw, an alcohol tax agent in Kansas City, swore out a warrant for the arrest of the bridegroom, Nijib Toonoo, on a charge of violation of the Federal Mann Act.

G-men were also asked to hold Toonoo's brother, Kamel, 23, who was reported accompanying the newlyweds.

Lured Into Marriage
To Assistant District Attorney Henry G. Morris in St. Louis the father said he believed his daughter had been lured into marriage by a strange love potion.

A vital supposedly containing the medicine had been left behind by the girl and was turned over to federal authorities for analysis.

The warrant was based on the father's accusation that the two brothers took Doris across the Missouri state line to Arkansas where they were married two days ago. She met them when they came here to visit recently, he said.

The girl left a note at home stating she intended to sail with her husband on the Normandie tomorrow for his home in Basra, Iraq, a port on the Shatt Al Arar river, about 60 miles from the Persian Gulf.

BROOKVILLE, Pa., Sept. 2.—An eight-pound girl born in an automobile was reported thriving today at Brookville hospital.

The infant was born 10 minutes after C. A. Phillips, a WPA worker at Timblin, had put his wife into his automobile for a journey to the hospital. The 31-year-old mother was reported doing well. The child was her third.

Suffers Broken Arm In Fall From Truck

Bobby Bower, Of Point Place, Is Injured Near Home Thursday Evening

Bobby Bower, aged 16, of 7 Point place, suffered painful injuries near the cottage of his uncle, Arch Cubison, of the Neshaunock Falls road, Thursday evening about 6 o'clock. The young man was returning home from swimming and had boarded a truck. When he reached the lane leading to the cottage, he attempted to alight and fell, fracturing his left arm below the shoulder, and suffering a broken nose and bruise burns of the back and face.

He was removed to the Jameson Memorial hospital, where he is undergoing treatment, and although his injuries are not serious, he is suffering considerably.

Thirteen Known Dead In Storm

Quebec Storm Damage Will Run Into Many Thousands Of Dollars

(International News Service)
QUEBEC, Sept. 2.—The worst rainstorm experienced in this area in years today left the province of Quebec with a death toll of 13, property damage that reached the \$100,000 mark and lowlands inundated by swollen rivers and creeks. About 40 persons suffered injuries.

At St. Gregoire within the shadows of the famous Montmorency Falls, workers continued searching the ruins of an eight-family apartment house, wrecked by a landslide, for the body of a child. Four died when earth and rocks, loosened by rain, smashed the building.

Seven persons met death when flooded waters washed away their home at Portneuf. Two trainmen were killed near that town when a Canadian Pacific locomotive crashed through a washed out bridge.

Italian Day At Park Saturday

Many Features To Mark Annual Event For Local Residents

MANY COMMITTEES AIDING IN EVENT

New Castle's Italian-American population will gather at Cascade park Saturday for the 32nd annual Italian Day celebration.

Judging by the program arranged by Frank Ross, general chairman, and his committees, the occasion will be the biggest in years. Activities start promptly at 10 with a gigantic bocce tournament under the direction of Fred Marcella and Paul DeCarbo. The Tigers Club, Sons of Italy, Duke of Abruzzi, King Humbert, Armand Diaz, Balboa Club, Columbus society, Hillsville and several other Italian societies will vie for the handsome trophy donated by Jack Gerson.

At 1, an amateur contest will be held at Rainbow Terrace pavilion. The Federal Symphony will present a concert at 2:30. Ben Shuliansky and Harry Hammond will direct. Field and athletic events for children, men and women are scheduled to start at 3:30. At 6:30, the gathering will listen to addresses by prominent local men. New Castle's famous Red Coat band will give a concert at 7:30. Dancing will be in vogue at Cascade Rainbow Terrace during the remainder of the evening. Climaxing the event will be a colorful fireworks display by the Vitale Fireworks company.

With any kind of a break from the weatherman, Cascade is expected to attract one of the biggest crowds of the year. Frank Ross, general chairman, today said that "everything is set for the biggest Italian Day in the history of the city." Italian-American residents throughout the city and county are invited to share the program.

Committees In Charge.

Various committees are: Frank Ross, general chairman; Anthony C. Ricciardi, assistant general chairman; Rocco Vitale, treasurer; Frank Spinelli, secretary.

Augment Patrol Force On State Highways For Labor Day Week-End

(International News Service)
HARRISBURG, Pa., Sept. 2.—Two-thirds of Pennsylvania's 1473 member motor police force went on special patrol of the state's vast highway system today in an effort to curb the Labor Day week-end accident toll.

A total of 1004 men of the police force, using 820 automobiles, were assigned to the highways for the week end by Commissioner Percy W. Foot, a coverage of one man to each 20 miles of highway.

In short, Foot said, every member of the force, who can reasonably be spared from other duties, will be assigned to the 40,000 miles of improved highways.

Special arrangements, he added, have been made for radio communication and the commissioner has appealed to city, borough and township officials, motor clubs and other groups for cooperation for greater safety.

"Last year 45 people lost their lives, while 1131 people were injured over the Labor Day week-end in Pennsylvania traffic accidents. We hope that this special concentration of Pennsylvania motor police over this week-end will assist in reducing this toll. But we must have the cooperation of the public. I trust that every person using our highways will do all possible to aid us during this unusually heavy traffic period."

Great Britain Would Evade Johnson Act

Believes Secret Plan Would Allow Financial Aid In United States

DOLLAR CREDITS WOULD BE USED

British Confident If War Develops U. S. Will Repeal Johnson Act

By ROBERT G. NIXON
International News Service Staff Correspondent

(Copyright 1938)
WASHINGTON, Sept. 2.—Great Britain has ready for instant use in event of a war with Germany a secret plan for financing a major part of the conflict in the United States, this correspondent is able to disclose today.

Upwards of \$2,500,000,000 in American dollar credits would be used, under the plan, to purchase food supplies, munitions, guns and planes.

Believe Plan Feasible.

The plan, according to expert opinion given International News Service by international legal authorities, would not be blocked by the Johnson act, which forbids defaulting World war debtors from floating further loans in this country.

It has been evolved as an emergency measure with the knowledge that Britain could not again borrow the World war billions unless the first thesis those debts, or unless the Johnson act is repealed.

Should Germany precipitate another European war by invading Czechoslovakia and Britain be drawn in, an event which authorities fear would prove inevitable, Britain expects to be able to finance her war needs in the United States for a long enough period to tide them over until public opinion here brought repeal of the Johnson act.

See Favorable Sentiment.

This latter development is viewed as an inevitable certainty in British circles. It is pointed out that American sympathies would certainly lie with the democracies in Europe should Nazi Germany throw its armed might against small Czechoslovakia.

The British are confident this sentiment would grow rapidly to such a point that the American people would demand that the United States give them financial aid.

Meanwhile, the secret British plan is to mobilize the \$2,500,000,000 in dollar credits and investments now in this country and make them available for purchase of needed war supplies.

With the British fleet blockading Germany, it is felt that control of the seas would be held by England.

President Benes May Evolve Peace Agreement

By GEORGE LANGWELL
International News Service Staff Correspondent

PRAGUE, Sept. 2.—Determined to evolve a peaceful settlement of the Sudeten crisis despite Reichsfuehrer Adolf Hitler's rejection of a three-month truce, President Edouard Benes took personal charge of the negotiations today and mapped out a plan for virtual partition of Czechoslovakia.

Representing a sweeping concession on the part of Prague, it was intimated Benes would agree to reorganization of the country along

what are known as "Gau" lines, splitting Czechoslovakia into German and Czech regions and granting virtually full autonomy to the Sudetens.

Hope For Peace Plan
Such concessions, it is hoped, will be acceptable to Berlin and pave the way to amicable adjudication of the danger-laden crisis.

(Editor's note: The German word "Gau" means province or district. It came into general use after Hitler's rise to power, when he divided Germany into various regions like

Kidnap Woman At Ranch Home

California Law Enforcement Agencies Hunting Two Youthful Abductors

REPORT RANSOM OF \$15,000 DEMANDED

(International News Service)
YUBA CITY, Cal., Sept. 2.—All California law enforcement agencies were pressed into a search early today for the abductors of Mrs. William R. Meeks, 55, wife of a Rio Oso rancher, kidnaped from her home soon before midnight last night by two youthful masked bandits.

The woman was held for \$15,000 ransom.

Entering the Meeks' home by a side window, the two marauders, described as being 22 or 23 years of age, menaced Meeks and his wife at the point of a gun and forced them into a rear room where both were tied up while the house was ransacked.

Both of the men wore white handkerchiefs to mask their faces, Meeks reported.

Hold For Ransom
Finding no money, the youths returned to the bedroom, released Mrs. Meeks and demanded that she show them where the money was hidden.

When she replied that there was no money in the house, Meeks told deputy sheriffs, they announced that they were going to hold Mrs. Meeks captive "until you are ready to pay \$15,000."

The rancher, who is 58, was left securely bound while the two men forced his wife into the Meeks' new sedan, and escaped in an easterly direction.

Struggling against his bonds, it was more than an hour before Meeks was able to escape and call the sheriff's office here.

Search was immediately launched for the car, described as being sun-tan in color and bearing California license number 9D7901.

Testimony In Torture Deaths Is Completed

(International News Service)

PHILADELPHIA, Sept. 2.—The blue-ribbon jury at the coroners' inquest of the "baking to death" of four convicts at Holmesburg prison today was urged to hold Warden William R. Mills, and five of his assistants for the grand jury.

The others named in the request, made by Chief Deputy Coroner Vincent Moranz were: Deputy Warden Frank A. Craven, Captain James McGuire and guards Francis Smith, Alfred Brough, and Robert Morrow.

The jury completed the taking of testimony at the coroners' inquest into the "baking to death" of four hunger-striking prisoners at Holmesburg prison at noon today.

Chief Deputy Coroner Vincent Moranz immediately reviewed the evidence and charged the jury to "concern yourselves with the causes of death and the possible agents."

"As the jurors of the coroners' inquest is a great deal wider in scope than the petit jury and even goes farther than the grand jury," Moranz explained. He added:

"One feature is to determine whether people are dead from violence."

"You are empowered to take preventative measures and can visit the establishment and recommend such steps in a later presentment."

The inquest ended after Captain James McGuire had reiterated his charge that heat-torture was a standing rule for unruly convicts placed in the tomb-like chamber in which four men perished on August 22.

McGuire was placed in the witness box after Deputy Warden Frank Craven had emphatically denied the charge while answering two questions propounded by the jury of four men and two women.

Rejects Czech Proposal For Truce Period

(International News Service)

BERLIN, Sept. 2.—Reichsfuehrer Adolf Hitler, after a lengthy conference at Berchtesgaden with Konrad Henlein, Sudeten German leader in Czechoslovakia, sent Henlein back to Prague today with instructions to continue negotiations with the Czechoslovakian government looking to a peaceful solution of the autonomy demands of the Sudetens.

Henlein made it plain, however, according to information in high Nazi quarters here, that he regards a solution as an urgent necessity, and insisted that any settlement must be of practical nature and put into effect by the end of this year.

Corrigan Is Scheduled As Guest Of Honor During Afternoon

MORNING PARADE OF HISTORICAL TURN

(International News Service)
PITTSBURGH, Sept. 2.—Din and fanfare today opened Allegheny county's sesquicentennial celebration which will continue for 22 days.

A 21-gun salute by a battery from the 10th field artillery of the National Guard officially opened the celebration of the 150th birthday of the founding of the county. Church bells, whistles and horns shrilled a raucous echo to the guns.

Boy Scouts dressed as heralds, traversed the main business and residential streets and proclaimed the news of the opening of the celebration.

A historical parade depicting the growth of the great industrial county at the conclusion of the Ohio, Allegheny and Monongahela rivers passed through downtown Pittsburgh this morning.

Parade For Corrigan
Another long parade was scheduled for this afternoon when Pittsburgh will welcome Douglas Corrigan, the "wrong way" flyer, who is arriving here with the \$900 "crate" which he piloted to Ireland.

The 22-day celebration will embrace a monumental program which includes pageants, plays, parades, an aquacade, displays of many kinds at the fair grounds and scores of other celebrations.

In Corrigan's honor, the county commissioners yesterday changed the name of Cadiz Run boulevard to Corrigan boulevard. The road is the main entrance to South Park. Corrigan will be guest of honor at a dinner tonight when he will be presented with a hand-painted miniature of his mother.

tween the Czech government and the Sudetens now depends entirely on Hitler. They took this attitude despite reports that Hitler purposely left the path clear for further talks.

Adding to the general apprehension was a fresh cause of friction between the Sudetens and the Czechs within the borders of Czechoslovakia.

Government authorities again confiscated copies of the official Sudeten news organ, Die Zeit. Sudeten circles were greatly irritated by this development, and fears were expressed that it might lead to increased tension which would hamper further moves to settle the crisis.

Ominous Trend
The new, ominous trend became evident less than half a day after the Prague government had optimistically issued an official statement which said:

"The situation is more hopeful. Political tranquility is continuing. The road toward a peaceful solution of the Sudeten problem has been opened."

But this burst of cheerfulness on the part of the government was short-lived. Overnight advices from Berchtesgaden caused the government to change its tune, and no more cheerful statements were issued this morning.

Meanwhile, the government here awaited the formal Sudeten reply to the proposals offered by President Benes. It was understood the answer would be delivered to Benes today, probably through the British mediator, Viscount Runciman.

Whether the Prague peace plan will now be published remained in doubt. Benes was understood eager to publish the plan today, rejection or no rejection, while Lord Runciman was advocating delay and caution in order to avoid further irritation to the Sudetens.

For the first time since the present acute situation developed, Dr. Benes lent his own persuasiveness, power and prestige to the actual negotiations. He received Ernst Kundt, deputy Sudeten leader, and one of his aides in a two-hour conference at the presidential palace and made known that if his government's present proposals are rejected, he is ready and willing to go even further.

years in learning his trade. Today, if the young man is mechanically minded, he turns to a trade school. These schools teach the rudiments of a trade, but they do not turn out the finished mechanics, like the old apprentice system. Too many young men are preferring professions to trades, but the real need now seems to be in the latter field where expert artisans are scarce.

Down in Washington the other day one labor leader called another a liar, but nothing happened. In New York a defendant called a witness on the stand a liar, and nothing happened. Congressmen and senators call each other liars and nothing happens. Here in New Castle when one man calls another a liar, the next call is for an ambulance.

County Commissioner Floyd Cotton says the recent dry spell has hurt the corn intended for ensilage. It has been drying up toward the roots, and has been scouted in its growth.

As a result many dairy-men and farmers are cutting and filling their silos much earlier than usual. Corn kept in silos remains green and the cows like it for dessert. Cotton says the tomato crop has also been considerably damaged by the long dry spell.

Workmen engaged in tearing down the old library building unearthed an ancient trunk that looked as though it might have been brought over on the Mayflower. The trunk was filled, and on the theory that it might contain treasure of some kind, the workmen were on the tip of expectancy while the lock was broken off. But it proved to be like the story of the empty box, nothing in it.

Dispatches say that the president's son has taken a job in a department store at \$18 a week in order to learn the business from the ground up. It is also related that he and his bride will live in a \$100 a month flat in a fashionable suburb. Young couples here who have started out on a budget plan are somewhat perplexed at these figures, but maybe the junior Roosevelt has learned the art of balancing the budget from his father.

California's primary has focused attention on the winner, who advocated a \$30 pension every week to persons over 50 years of age. Many of Pa. News's readers would like to know how the plan is supposed to work. Here it is: The measure provides for the issuance of \$0.12 warrants to each beneficiary every week. On these warrants a 2-cent stamp is to be affixed each week by the person holding it. The warrant is to be redeemed by the state from the sale of stamps at the end of each year. Merchants would be expected to accept the warrants for merchandise, and state employees would be paid up to half their salaries in the warrants.

About the next venture of civic importance to be thought of will be the dedication of the Joseph V. Cunningham Armory and the new airport at Parkstown Corners. Both are nearing completion and both will provide careful dedication exercises. Armistice Day has been suggested as the proper day for the dedication of the armory.

It is canning season for the average housewife and the aroma of pickling spices and boiling vegetables floats out over the county. The vegetable crop is somewhat divided this year. Plenty of corn, beans and peppers, not so many good cucumbers for pickles and not too good a crop of tomatoes. Fifty miles north of New Castle the tomato crop seems to have been big.

We heard the greetings this morning on the street car, "Pretty chilly this morning isn't it." Several of the ladies had their winter coats on, and one wore a pair of heavy gloves. 'Twas a typical fall morning. It will soon warm up and be a wonderful day.

Pa. News asked the question in his column, as to the proper way to eat an ear of sweet corn. Well, we saw an eminent New Castle doctor eating some one evening, and that gentleman certainly likes it. He took the heel or hub of the corn in his right hand, and the tip in the fingers of his left hand, which having been previously buttered and salted he went to work eating from the tip to the heel, and that's the way we do it.

The argument about the farthest point north reached by Morgan and his raiders was thought to have been settled some time ago but Robert T. Withers of Neshannock township adds one more clincher. Sometime ago he made the statement that there was a monument near Mingo, O., marking the spot. Recently he drove down there and found the monument, but with the bronze plate stolen from it.

Farmers and gardeners are hopeful that the frosts will hold off this year as long as they did last. Frost did not arrive in 1937 until October 9, and the first freeze occurred on October 14, when the temperature dropped to 23 degrees. The first snow occurred on October 15 but it was just barely visible on that occasion. More of the beautiful snow fell on October 24, when three-tenths of an inch was observed.

Pa. News noticed that motorists were driving a little more carefully up North Jefferson street and Highland avenue last evening. The police were watching the hills for speeders and it did not take long for the word to spread around.

formed German quarters, are still in an early stage and the conversations begun at the Fuehrer's Bavarian Mountain retreat are certain to be "lengthy" ones, it was said.

Minimize Conference
Official German quarters made every effort to minimize importance of the conference in an effort to prevent further uneasiness at home and abroad. It was obvious, however, that they were destined to play an important role in the future peace of Europe.

The official German news agency in a dispatch from Berchtesgaden, described the conference as follows: "The Fuehrer received Herr Henlein, who, at the request of Lord Runciman, reported on his negotiations with the Prague government."

"The Fuehrer heard his declarations with interest, in the course of the discussions, complete harmony was stressed on both sides."

"Herr Henlein lunched with the Fuehrer and departed from Obersalzberg this afternoon."

Recruited to the ranks of conferees today was General Boderschatz, chief of the German air force, who was called to Berchtesgaden on the heels of a number of other high military officials whose opinions Hitler sought in the crisis.

Seek To Impress World
The German government adopted a peculiarly casual attitude toward the Berchtesgaden meetings. Reports the Fuehrer had opened his arms in welcome to Henlein the moment the latter arrived there from Prague yesterday were scoffed at and termed "pure bunk."

It was obvious that studied efforts were being made by Germany to impress upon the world that the crisis has been fabricated by French and British fears and not precipitated by Nazis in quest of a war.

In this connection, it was interesting to note that Henlein had to cool his heels for an hour and 20 minutes in front of the Grand Hotel this morning before being ushered into the presence of the Fuehrer. He was not summoned to Hitler's picturesque villa high over Obersalzberg, until Foreign Minister Joachim von Ribbentrop had reached Berchtesgaden from Berlin. Ribbentrop's train was late, and Henlein had to wait for it.

The moment Ribbentrop reached Berchtesgaden, he put in a long distance call for Berlin, talked to the foreign office, and then drove up the long winding road to Hitler's villa. Henlein followed a few minutes later. The two did not meet beforehand.

Gives His Terms
Propaganda Minister Paul Joseph Goebbels, far closer to the Fuehrer than his Czechoslovakian deputy, spent the night at the villa and participated in the conversations when they were renewed this morning. It was generally assumed Hitler gave Henlein a thorough-going picture of his demands on the government of President Edouard Benes, with instructions to state them in no uncertain terms when he returns to Prague.

This will include, of course, the conditions Hitler is willing to accept. Informed quarters gave forth the impression that Berlin, all reports to the contrary notwithstanding, considers the problem still in the hands of Viscount Runciman, the British mediator.

On Henlein's return to Prague, the next negotiation to be taken in accordance with Runciman's plans. So far as public opinion is concerned at least, Germany remains determined to present a realistic front.

GREAT BRITAIN WOULD EVADE JOHNSON ACT

(Continued From Page One)

so that her merchantmen could carry the supplies across the Atlantic to Europe.

The huge sum is now in the United States in the form of investments by private British interests in American utilities, various forms of transportation, insurance, factories, stocks and bonds, and in liquid funds in American banks.

Provisions of Plan
The plan would provide confiscation of these holdings from private owners by the British government. The government would reimburse its nationals with British paper notes, backed by sterling reserves, in their accounts in British banks.

The "mobilized" holdings in this country then would be left here to make the huge scale purchases of food, munitions and raw materials a major war would demand.

Thus Britain would be enabled to finance a major portion of her war needs in the United States without draining her treasury an iota through sending gold bullion to America.

It is for this reason that Britain is not too deeply concerned over immediate settlement of the war debt question which would permit her to hurdle the Johnson act and obtain huge private loans again from America's international bankers as in the World war.

Plan Confirmed
London, Sept. 2.—Exclusive revelation by International News Service in Washington that Britain has prepared a secret plan to finance most of her part of the conflict in the United States, should she become involved in war with Germany, was confirmed by authoritative London financial quarters today.

Political circles in London expressed confidence that, in the event of such a war, the United States would not invoke its neutrality act against England.

Deaths of the Day

Sarah Jane Stamm.
Miss Sarah Jane Stamm, aged 88 years, died at the home of her nephew, J. T. Phillips, near New Bedford, at 11:50 p. m. Thursday. She had been an invalid since last March when she suffered a fracture of the hip.

Miss Stamm was born April 7, 1850 in Beaver county. She was the last surviving member of her family and her closest survivors are nieces and nephews.

Funeral services will be conducted from the New Bedford United Presbyterian church Saturday at 2:30 p. m. with Rev. Matthew Gilliland in charge. Interment will be made in Evergreen cemetery.

Charles Rute Funeral.
Funeral services for Charles Rute, victim of an automobile accident, were conducted at 2:30 p. m. Thursday from the residence, 1205 West Washington street, with the Christian and Missionary Alliance minister, Rev. J. H. Boon, in charge.

"No Disappointment in Heaven" and "Abide With Me" were sung in a beautiful manner by Mrs. William MacKenzie and Mrs. Joseph Jenkins as a part of the sad last rites.

Palbearers were Jack Lockwood, George Fox, Joseph O'Laughlin, Albert Perkins, George Jackson and D. P. Montgomery. Interment was made in Greenwood cemetery.

Seven Hundred Jail Prisoners On Hunger Strike

(International News Service)

PITTSBURGH, Sept. 2.—Half of the 700 prisoners in the Allegheny county jail here were on a hunger strike today precipitated by the charge of one of their number that soup served them was made from wormy peas.

Chief Deputy Warden Daniel F. Williams admitted a strike was in progress but refused to comment on the charge of worms in the soup. He said no punishment was planned for the recalcitrants and blamed the strike on publicity attending the recent roasting to death of four convicts at Holmesburg prison in Philadelphia.

Renting Agent Commits Suicide At Pittsburgh

(International News Service)

PITTSBURGH, Sept. 2.—Ill health was ascribed by authorities today as the reason for the suicide of Elmer Whitehill, 50, of Mt. Lebanon, renting agent for a downtown building who sent his office employees on errands and then swallowed poison. A gun also was on his desk apparently for use in case the poison was ineffective. Whitehill had scratched on a memorandum pad that the poison was "very slow."

His wife, Mrs. Beatrice Whitehill, appeared soon after the body was found. She is his second wife. They have been married less than three years. His first wife, Mrs. Estella J. Whitehill, and their two daughters, Helen and Doris, are visiting friends in North East, Pa., according to the family.

RUSSELL HAGGERTY IS GIVEN FAREWELL

To bid him farewell, as he leaves to enter the Missionary Training Institute at Nyack, N. Y., a large number of friends of Russell Haggerty, Matilda avenue, gathered in the home of Mr. and Mrs. Joseph Jenkins, 929 Maryland avenue, on Thursday evening. The friends were members of his Sunday school class in the Gospel Tabernacle.

The guests arriving at 7:30 enjoyed themselves as they listened to testimonies of various members of the group and joined in singing choruses. At an appropriate time, the pastor of the Gospel Tabernacle, Rev. J. H. Boon presented the honored guest with a purse as a token of esteem from the young men. It was labeled "from the gang." A fitting response was given by Mr. Haggerty.

Later, tempting refreshments were served by the hostess Mrs. Joseph Jenkins assisted by her daughter, Josephine, Miss Dorothy Abbott, Mrs. Zeigler and daughter Pauline. The special guests for the occasion were: Rev. C. C. Ryan, missionary to French West Africa, Rev. J. H. Boon, pastor, William Gamble, Sunday school superintendent, Clyde Bockamer, Young Peoples president; Paul Butler of Moody Bible Institute and Lester Bailey of Westminster College.

ELIZABETH VANCE TENDERED FAREWELL

Miss Elizabeth Vance, a former Girl Scout captain of troop one, was honored at a lovely farewell party Thursday evening which took place in the home of Ruth and Wanda Hanna, Northview avenue. Miss Vance is leaving soon to make her home in East Glendale, Calif. The guest list included members of the former troop and friends of the honoree.

Evening hours were spent in playing interesting games, reviewing old times and renewing friendships. Isabel Douglas and Helen Love were awarded prizes.

Proceeding the serving of refreshments, Virginia Hanna presented Miss Vance with an open umbrella which was filled with many beautiful handkerchiefs. A light lunch was served in the living room by the hostesses, aided by Virginia Hanna and their mother, Mrs. Frank Hanna.

The girls made plans to have a hike to an old favored spot on the Graceland road next Tuesday, and before leaving for their homes, they formed a circle and sang "Taps."

Special guests, also, were Miss Regina Park and Mrs. Gregg, the regional director.

MISSIONARY SOCIETY OPENS FALL SEASON

Opening their fall activities, members of the Women's Missionary society of the First Baptist church gathered Thursday evening for their first meeting of the season in the church.

Devotions were conducted by Mrs. Charles Metzger, after which Mrs. D. W. Nesbit had charge of the business meeting. "Bridges" was the topic of the meeting. It was made known that Mrs. Baint Kish, who has charge of the mission at West Pittsburg, and Mrs. Emma Brenner will conduct the meeting at the mission there on Wednesday afternoon. Miss Alma Broadhead gave a report on the foreign missions, after which Mrs. C. H. Heaton closed the meeting with prayer.

Following, there was a social period with refreshments being served. Mrs. Anna Martin was in charge of this feature.

The next meeting of the group will be the first Thursday of October at the church.

Jolly Twelve Club
Mrs. Charles Riney, Superior street, received the Jolly Twelve club members in her home on Thursday evening for their regular session. A short business period was conducted, followed by a social time. Cards were played, honors falling to Mrs. D. T. Andrews and Mrs. Edward Burdette. Delicious refreshments were served at the conclusion of play, Mrs. Riney being assisted by her daughter, Mrs. Robert Ray. During the business period, members decided to have their annual picnic at the home of Mrs. Charles R. Gardner, East Brook, on Friday, September 9.

Auxiliary Meets
Ladies of the Daniel Leasure Auxiliary enjoyed a social meeting one night this week at the home of Mrs. Mary Meyers on the Ellwood road. Numerous prizes were awarded in the bingo games. A lovely lunch was served by Mrs. Meyers and her two daughters. Mr. and Mrs. Ed. Carr, who had that evening returned from a vacation in Atlantic City, were present and told of their trip. The next auxiliary meeting will be September 12 in the Legion Home. There will be a Northwestern District meeting in Titusville September 11.

SILVER ANNIVERSARY AT MCCONNELL HOME

Myrtle McConnell entertained on a recent evening in honor of her parents, Mr. and Mrs. Russell N. McConnell, it being their 25th wedding anniversary.

The evening was spent in dancing with music being furnished by Samuel Martin, of Bessemer. At a late hour, lunch was served to a group numbering about 90, by Myrtle McConnell and Gertrude List. They were assisted by Mrs. Amy Smith, Ollie McConnell and Mrs. Jane Hedrick.

Mr. and Mrs. McConnell received many beautiful gifts in remembrance of the occasion.

Guests were present from New Castle, New Wilmington, Newport, Harlansburg, Bessemer, Edenburg and Struthers.

Mr. and Mrs. McConnell were married on August 28, 1913, at Piedmont Farm, Mahoningtown, R. D. 8, by Rev. Howard J. Baumgartel of the Moravia church. Mrs. McConnell was the former Young Eckelberger, daughter of Mr. and Mrs. L. D. Eckelberger, of Newport. Mr. McConnell was the son of Mr. and Mrs. P. E. McConnell, of Mahoningtown.

They are the parents of eight children, five daughters, Mrs. Gertrude List of Edenburg, Myrtle, Evelyn, Martha and Irene, at home, and three boys, Arthur, Harold and Carl at home. They have one grandchild, Richard List, of Edenburg.

ST. MARY'S CLASS '31 HONORS CLASSMATE

Members of the Class of 1931 of St. Mary's school, assembled at the summer home of Robert Gallagher, at Shippery Rock, with their wives and friends on Thursday evening to honor a former classmate, Joseph McGowan. Mr. McGowan has been studying at the University of Georgia Tech at Atlanta, Georgia, and is home on a several weeks' visit.

The evening hours were enjoyably spent in boating and dancing and at a suitable time, the guests were served roasted viennas and all the side dishes, which tend to make such an occasion complete. The committee responsible for the arrangements included Mary Alice Carey, Norman Wadlinger and George Oberleitner.

V. F. W. AUXILIARY HAS DINNER PARTY

Veterans of Foreign War Auxiliary held a tureen dinner Thursday evening at 6 o'clock in the Legion Home, honoring members whose birthday anniversaries are in the month of September.

After enjoying a delicious dinner, the regular business meeting followed. Miss Ethel Bell, junior vice-president in the absence of Mrs. Ada Miller, president.

Plans were made for a card and bingo party Sept. 15 for members and friends. Miss Jean Norris will be chairlady.

Last evening's success is due to the efforts of Mrs. Marguerite Cowperthwaite, chairlady, assisted by Mrs. Irene Munson and Mrs. Elsie Fredericks. Fall flowers decorated the tables.

T. I. Club
Members of the T. I. club, assembled in the home of Mrs. Harry Ross on DuShane street, Thursday evening for a social time. Mrs. Nichols Maciarelli, Babe Maciarelli and Louis Gasper were prize winners. Former Library Building, Now Being Wrecked, Built Nearly Eighty Years Ago

"Old houses mended.
"Cost little less than new before they're ended."

And so, like London bridge, the old library building at Jefferson and North is coming down. No one wanted it, either to rent or buy. Several had looked it over since it was vacated, but they all ended by shaking their heads in the negative. It would need too much remodeling, too many repairs. The library board decided to do away with the building and set September as the month of execution. The top's off now. Pretty soon it'll be half gone and then all gone.

Well, the house had its three score years and ten, and for the last dec-

ade had been living on borrowed time. It retained its dignity to the last.

There was a day, yes, there was a day when the building was one of the handsome structures on North Jefferson street, and many an old timer remembers. It was sometime in the early '60s that the last brick was put into place and the first owner, Cyrus J. Clark, then vice president of the National bank, and his family moved in.

Until 1883, the Clarks remained there. In the rear were the stables where William E. Rice, who married Miss Clark, kept his fast horses. When the property came up for sale in '83 it was purchased by Lewis S. Hoyt, remodeled, a wing added and the Hoyt family lived there until 1916. From then until the library board bought the building in 1926 from Crawford Hoyt, son of L. S. Hoyt, it was used as an office building and apartment house. Just prior to becoming a library it housed the offices of Thayer and company, architects, and the engineering firm of Thomas A. Gilkey.

Partitions were torn out and many other changes were made to the interior when the library took it over, but the "character" of the building always remained as in the years of yore. It never looked like a library, even when books were stacked to the ceiling. It was a dignified old family residence to the last.

Political Star Rises

Sheridan Downey
... new political prophet?

Political star of Sheridan Downey, 34-year-old California lawyer and advocate of the \$70-a-week pension plan, rises following his victory over Senator William Gibbs McAdoo, backed by the president, in the California Democratic senatorial primary. This is a new picture of Downey.

Punny man: He hates the hard work that keeps him strong and healthy, so he climbs to a desk job and does hard work called exercise.

The Human Side Of The News

By EDWIN C. BILL
(Continued From Page Four)

match was between two school teams. I observed that during momentary breathing spells the kids of one team put their hands in their pockets. Pockets in football pants seemed an odd idea. I noticed the other side didn't have them. The pocketed team, incidentally winning, had a little cockney sideline coach. I asked him about the pockets.

"It's like this, guv'nor," he said. "A lad has to ease up his mind a bit as well as his body whenever he can. And you know 'ow it is about pockets. When you've 'ad a bit of 'ard goin' and you knock off you 'are apt to drop into a slouch and put your 'ands in your pockets. Doing that seems to say to your mind that everything is all right; and you don't 'ave the wind up your back the way you do when you're all screwed up tight. So, the first thing I do whenever I take over a team is to 'ave pockets sewed in their pants and make 'em use 'em. You'd be surprised 'ow it works."

Similarly relaxed is Mr. Landon between scrimmages and, therefore, it seems to me, more steadily effective, even as a private citizen, which he says he will continue to be, and certainly uniquely qualified to defeat the wheat from the chaff of defeat—something which only a man free from tension is capable of doing.

The question of whether we learn more from our defeats than our successes is still wide open. There are many pious aphorisms on the side of the discipline and tuition of failure. There is a contrary maxim that "nothing succeeds like success." Nietzsche wrote that "strong men digest their sins." For most of us, it would seem much

harder and possibly much more important to digest our failures, our humiliations, our defeats. That was one reason why Mr. Landon's articles appealed to me as somewhat of an extraordinary phenomenon of political reminiscence.

As to the above subject for debate in the little red school house, I think most of us do learn from success. There is always a new assurance and mastery in putting something over. We like to review and analyze and gloat over our successes, and perhaps learn something from them. But we hastily shove our failures away down into the deep crypts of the unconscious and they creep out only in wretched night terrors when ghosts walk, and thus, shunning these experiences, we fail to learn.

But, and this is a most important qualification, it is the unusual man, and not "most of us," who does learn from failure. Abraham Lincoln was that kind of man. He had no aversion, no shrinking from his defeats, and he gleaned wisdom from facing them. He faced, too, the failure and defeats of all humanity and, like Euripides, was saddened by "the giant agony of the world." And, as this writer happens to know, Charlie Chaplin, attributed much of his genuine artistic success and intellectual fulfillment to having studied his failures and having leaped the deep meaning of real humility. But these are extraordinary men.

Anatole France wrote, beautifully

and poetically, almost all that can be said on this debate. In the last chapter of "The Revolt of the Angels," Lucifer and his committee of revolutionists had come up to earth, had taken human form and were preparing a counter-revolution against the "old Demurge." On the eve of their attack, Lucifer had a dream in which the battle started and his side won. "He was enthroned and the Demurge pitched into hell. Ages passed in the twinkling of an eye. Lucifer looked over the ramparts and saw that the de-throned Demurge had become a gentle, kindly spirit, assuaging misery and lifting the fallen.

He knew that Lucifer, enthroned, becomes the Demurge, de-throned, becomes wise, kind and humble. He saw that the unusual man learns from failure. He woke up and the committee was waiting to start the attack. The book is not at hand, but Lucifer said something like this:

"The revolution is off. Our only important revolution is to conquer the demons of ignorance and fear in our own souls."

For a sharper point on the argument, I should say wise men learn from failure. Mr. Landon would seem to qualify.

Plan Regulation Of Bike Riding

HARRISBURG, Sept. 2.—State officials alarmed by the dangers of bicycling set out today to bring two wheeled under better regulation. J. Griffith Boardman secretary of revenues said the department would urge some kind of legislation at the regular session opening in January to make bicycling safer. Licensing of all bicycles is frowned upon, Boardman said.

L. A. B. ENTERTAINS HUSBANDS AT PARK

Members of the L. A. B. club gathered at Cascade park Thursday evening for a ham fry, when they entertained their husbands as guests. Twenty-six shared.

Following, the regular business meeting was held, with election of officers taking place. President, Mrs. John Sweet, vice president, Mrs. Helen Ray, secretary, Mrs. John Shaffer, treasurer, Mrs. Lucy Covert. Press reporter is Mrs. John Sweet. Each of the retiring officers received a lovely gift.

Bingo was later played with Mrs. James McCullough winning.

All agreed it was a grand success, and much credit is given to the committee in charge. They are: Mrs. Paul McCullough as chairlady, and aides, Mrs. Anna McCullough and Mrs. John Shaffer.

The next meeting will be held in two weeks with Mrs. John Sweet of Highland extension hostess.

Orange Lodges Meet

The Orange Lodges of New Castle held a corn roast Thursday evening at the home of Mrs. Marie Bisher on DuShane street.

There were 35 present from the three different lodges of New Castle. Bingo and 500 were the chief diversions. Prizes went to Mrs. Watson and Mrs. Miller.

At a late hour a corn and wienner roast was enjoyed. There was cause for much merriment when a prize eating contest was held.

The L. O. L. No. 24 will meet this evening, No. 109 will hold their meeting Sept. 9 and No. 266 lodge has a meeting on Sept. 6.

Miss LaMarco Honored

Miss Angeline Castucci of West Madison avenue was hostess Thursday when she entertained 30 guests in honor of Miss Helen LaMarco.

Cards and charades were played with prizes going to Miss Virginia LaMarco, Miss Angeline Sylvester, Miss Mary Colanese and Vincent Carillo.

Delicious refreshments were served at a late hour by the hostess, assisted by Mrs. Joseph Castucci, Miss Lydia Castucci and Lena DelLisio. Miss LaMarco received many useful and beautiful gifts.

Stitch-And-Chatter

Mrs. Robert Booth of Lathrop street provided a charming hostess when she opened her home to the Stitch-And-Chatter club on Thursday afternoon.

Sewing was the main pastime, and at a suitable hour the guests were invited to the dining room where they enjoyed a delicious luncheon. Garden flowers were used as the centerpiece. Assisting the hostess was Mrs. David Rowland.

The next meeting will be held in two weeks, the place to be determined later.

Dinner and Theater Party

The Swastika class of the First Congregational church held a 6 o'clock dinner in a down town tea room Thursday evening.

After the dinner the group attended a local theater. Those responsible for the occasion were Mrs. Ernest Anderson, Miss Irene Price and Miss Anna Mae Smith.

The next meeting will be held at the home of Miss Cecelia Hughes, Clearview avenue, on October 6.

Home From Camping

Mr. and Mrs. William Wallace and daughters Dorothy and Barbara Ann of Clemons Boulevard and Mr. and Mrs. Floyd Pascoe and son Billy of Elizabeth street, have returned home from a month's stay at a cottage in New Wilmington.

To climax their vacation, the night before the breaking up of camp, a wienner roast was held in jubilee fashion. A number of guests participated.

Scarazzo Socialites

Mr. and Mrs. Nicholas Tuscano of Harrison street will entertain the Scarazzo Socialites at their home on Sunday, September 4.

FAREWELL HONORS BROTHER AND SISTER

Miss Virginia Madish and Louis Madish, of Bessemer, were honored at a party given at their home by a group of their friends on Thursday evening. Both are students at Penn State College and are leaving September 15 to again take up their studies there.

The evening was spent in an enjoyable manner with social chat and games. At a suitable hour, the group was invited to partake of a bountiful wienner supper, which completed the evening.

The committee responsible for the success of the affair consisted of Miss Helen Urmon, Miss Jean McCready, Miss Estella Waldman, Miss Ruth McGreevy and Miss Gianna June Good.

Guests were present from Bessemer, Youngstown and Cleveland.

Labor And Management Must Pull Together To Get Lasting Prosperity

By ROGER W. BABSON

(Copyright, 1938, Publishers' Financial Bureau)

BABSON PARK, Mass., Sept. 2.—A parade by the Knights of Labor in New York City fifty years ago started Labor Day. Now, in every state it is a legal holiday, highlighted by speeches from politicians and labor leaders. Monday's speakers, however, will say little about the Number One Problem of the day—namely, the widening gulf between employers and workers. Scant attention will be paid to the great need for a new spirit of cooperation in business.

Recently in this column, I discussed the railroads. I told of their financial troubles and how they were trying to avoid additional receiverships through big economies in operating costs. I forecast that railroad workers would be forced to accept a compromise reduction in pay as their contribution to keeping the carriers in operation. I emphasized that because pay rates had been unjustly boosted last fall, thousands of employees are now jobless than would be if wage scales had been more in line with railroad revenues.

A Labor Leader's Reply
Several days later I received the following letter from the president of the Brotherhood of Railroad Trainmen—one of the four big unions which control railroad labor. I am quoting it because it gives an interesting insight into the attitude of those who strongly influence workers' actions:

"Need I comment about your ready display of callousness toward railroad employees or your miserly contemplation of the lot awaiting the grasping Wall Street gang? Railroad labor and the American public are on a tightrope. We know that the carriers are seeking a wage cut in order to divert more wealth into the channels of the bankers and bondholders. We know that economists, like yourself, lend aid and comfort to such modern highway robbery. We know, too, that there is not one spark of decency or humanity in any man who gloats over great unemployment in the railroad industry.

"In fact, you are due for a rude awakening. We do not intend to take any wage cuts, for we believe in a prosperity that extends to all the people, not just to the few vultures and rascals with whom you consort. We believe in supporting the president's recovery program, to the end that railroad bankers and their economic advisers will be eliminated from the scene. It is their liquidation, not that of railroad labor, which will be a boon to the industry and to the national economy.

(Signed) A. F. Whitney, President.

Note that Mr. Whitney avoided mentioning the following vital comment in my article: "The net result (of labor's demands) is that railroad wages are today the highest on record and the number of workers the lowest in 40 years." It would be difficult for Mr. Whitney to show that the high-wage policy of the Brotherhoods has helped the thousands of his fellow-workers who have been fired in order to cut down expenses! Nor would the millions of workers in allied industries, who are idle because railroads are so poor that they cannot buy the new equipment which they need, agree that high wages bring about a "prosperity which extends to all the people."

Bondholders Not "Public Enemies"
The point in Mr. Whitney's letter, however, which bothers me most is this: "We know that the carriers are seeking a wage cut in order to divert more wealth into the channels of the bankers and bondholders." Why does he think the bondholders are not entitled to fair play? These bondholders are not public enemies. They are insurance companies, savings banks, colleges, hospitals, churches, and individuals.

They loaned money to build tracks and depots, to buy locomotives and freight cars—the equipment which gives railroad workers their jobs.

Today, railroads representing one-third of the nation's mileage are paying no interest on these bond loans. Moreover, only a small portion of the original dollar loaned may ever be paid back unless wages are reduced to compare with wages paid in other industries. Furthermore, the other two-thirds of the carrier system has been skating along the brink of bankruptcy. If railroad workers are entitled to the highest wage rates in history, then bondholders are at least entitled to the agreed interest and repayment of the money they loaned to provide these employees with their jobs!

Hurling Their Own Cause
However, I doubt if Mr. Whitney's attitude is approved by intelligent wage workers. They know it does not help labor's cause. Employers cannot go on paying high wages and losing money, nor can they increase the selling price of their goods and risk the loss of their customers. As a result of labor leaders' demands, employers must do one of two things: (1) Throw up their hands and go out of business; or (2) Seek every method possible to get along with fewer employees. Will either development aid "a prosperity that extends to all the people?"

Business this fall will be better. For several months production has been running below consumption. That condition cannot continue. Activity is already increasing. Hence, I am convinced that business is going to be good for the next several months, at least.

Over the longer-term, however, I am not so certain. I know that so long as labor leaders maintain their present attitude we can have no permanent prosperity. Even the prospect that the government may have to take over the carriers does not seem to worry railroad labor. Like other workers, they think a government job is pretty soft and secure. This may be true as long as only a few people work for Uncle Sam. However, the number of public employees increases, the security of all public employees decreases. As more and more employees go out of business, less money can be collected from taxes to pay government salaries.

No Prosperity Without Teamwork
Yet, the government is helping labor leaders antagonize employers. Through relief, the government is supporting labor leaders in their organizing and striking efforts; while through the NLRB's radical decisions, the government is helping to widen the rift between employer and worker. Today, management and labor are pulling in opposite directions. This situation cannot last forever. We can never have real prosperity until they again pull together. This is the gospel that should be shouted from every bandstand and soap-box on Labor Day!

Work On Mercer
Post Office Job

MERCER, Sept. 2.—Over a month has passed since the letting of the contract for the construction of Mercer's new \$75,000 postoffice building to be erected at the corner of Venango and North Elm streets, one block from the court house square.

Following the receipt of bids on July 26, the contract was awarded the Andrew Dawson Company of Montgomery, Alabama, requiring that work begin on the building within 45 days after the contract was let and that the work be completed in 300 calendar days.

The specifications require that the foundation be sufficient to carry 3,000 pounds per square foot. Engineering tests several months ago show that the site chosen will carry 15,000 per square foot.

Before actual construction work will commence, razing of the old brick building now occupying the site will take place.

Grocery Company
Employees Enjoy
Outing Thursday

Motoring to the summer home of Charles McCollum, along the beautiful Slippery Rock Creek, employees and their families of the New Castle Grocery Co., staged a successful corn and wiener roast, Thursday evening.

There were 25 persons present and an excellent program of entertainment was furnished. During the early hours, horseshoe pitching and badminton playing along with other games was enjoyed.

Music, both classical and popular was furnished by Jack McCullough. Harry Thomas was in charge of the general committee and the success of the outing was largely due to his efforts.

At 10 o'clock, a delicious meal of corn and wieners was set before the crowd that had gathered about the huge campfire.

Everyone is looking forward to this event next year. The outing will be held at the same place in 1939.

County Pomona Grange Convenes

Members Are Guests Of East Brook Grange On Wednesday

FINE PROGRAMS ARE PRESENTED

The members of the East Brook grange were hosts to Lawrence County Pomona grange when it met in regular session Wednesday, Aug. 31, 1938. The morning and afternoon sessions were held at Liberty grange hall and the evening session at the East Brook high school auditorium.

Routine business occupied the morning session with Pomona Master, W. Sharp Fullerton presiding. The welcome was given by Mrs. John Robinson, lecturer of East Brook Grange, and the response by Wendell Dean, master of Willard grange.

During the afternoon the members thoroughly enjoyed the very entertaining and inclusive program presented by the lecturer, Mrs. Wanda Book, of Liberty grange.

The afternoon session opened with a vocal solo, "Sundown," by Martha Robinson of East Brook grange, accompanied by Miss Helen Samabiel of New Bedford grange.

Ralph E. Watson of East Brook grange, gave a humorous reading, Miss Julia Markle, home economics extension worker, presented a very educational illustrated lecture on "Selecting Foods for Good Nutrition."

Miss Wanda Book, of Liberty grange, presented a very interesting and informative lecture on "Children, Plants and Animals Must Have Good Foods if they are to keep healthy." By means of slides, a contrast was shown between poor and proper diets, and the conclusion drawn that only by eating a variety of foods can we insure a balanced diet.

Mrs. Mae McConaghy of East Brook grange, pleased with a vocal solo, "I Knew a Lovely Garden," accompanied at the piano by Mrs. M. Ingman. Radio Pudding was the title of a humorous reading by Miss Julia McDanel of East New Castle grange. A number was sung by Pomona chorus and Miss Helen Samabiel rendered a pleasing piano solo. "Bees" was the subject chosen for a very instructive talk by George Young of East Brook grange.

Next in order was the presentation of all stars to the juvenile granges of the county by State Master J. Audley Book. All the juvenile granges having fulfilled the necessary requirements of Pomona, the stars were accepted by the matrons of the various granges. A novelty number, "Radio Recipe," was presented by Mr. and Mrs. Clair Friday of Pleasant Hill grange. "Farm Products Shows, and Their Benefit to the Community" was ably discussed by Aubrey Reno of Big Beaver grange. Farm Shows were announced as follows: September 22, Big Beaver grange will hold an old style show in connection with a farm products show. In evening, September 8, Pleasant Hill grange will hold a farm products show in the afternoon and evening, and September 15, East New Castle will hold an all day farm products show.

An amusing skit was given by Edith and Charles Cornman of East Brook grange.

A very realistic first aid demonstration was presented by Ralph Rainey of Liberty grange.

Appropriate remarks were given by Mrs. Weigle, juvenile deputy of Beaver county.

Owing to the resignation of Pomona lecturer, Mrs. Wanda Book, the newly elected lecturer, Mrs. E. C. Wiggins of Westfield grange, was installed at this time by State Master J. Audley Book.

At the conclusion of the afternoon program a sumptuous supper was served by the ladies of East Brook grange, after which the grangers motored to East Brook high school for the evening session.

Three granges of the county competed in Musical Festival contest, sponsored by Pennsylvania State grange. Each group sang as their required number, "Stars of the Summer Night."

Liberty, with a chorus of 12 male voices, presented as their selection, "On Great Lone Hills."

Pleasant Hill with a chorus of 12

male voices, presented as their selection, "Home on the Range."

Big Beaver with a mixed chorus of 19 voices, presented as their selection, "The Lost Chord."

Miss Ada Peabody, professor of rural music at Westminster college, acted as judge and awarded first place to the chorus from Big Beaver.

The next feature was a program presented by the young people of the county under the direction of Miss Leora McCommons of Plain Grove grange.

Male quartet - Pleasant Hill grange.

Reading-Violet Robinson, East Brook.

Talk, "What the Grange Should Mean to Young People"-Tom Wilson, Big Beaver grange.

Vocal solo-John Weingartner of East New Castle grange.

Reading-Ruth McClelland, Westfield.

Stunt-Frances Thompson, New Wilmington grange.

This well balanced program was greatly enjoyed by the members.

And now the grand climax of the evening for which all had been eagerly waiting, the conferring of the beautiful fifth degree in full ceremonial form upon a class of waiting candidates. This degrees was beautifully exemplified by a well trained degree team from Beaver county, led by their Pomona Master, Clyde Shannon.

Many grange members were present from Beaver county as guests of Lawrence County Pomona.

The stage, with a dark green background of forest leaves and a profuse arrangement of lovely seasonal flowers, was a perfect setting for the presentation of the tableau.

In closing a vote of thanks was extended to Beaver County Pomona, to Liberty and East Brook granges and to all those who helped to make the meeting a success.

New Castle Boy Writes Of Trip To California

Woolway Tells Of Journey Of New Castle Lads Across Continent

Mrs. Emily Bush Peterson, of 537 East Washington street, has received a letter from her son, Harold Woolway, now at Glendale, California. Harold accompanied Justus McClure, Art Kelly, Bob Brown, Edward Capitola, and James Quarto of this city, who left for California on August 22, arriving on Friday August 26, at 8:30 o'clock.

Harold stated that the trip was long, and he was glad it was over. He did not like travelling through the states between Illinois and Nevada, because of so much treeless land. The weather was hot, ranging from 80 to 105 in the desert. They got to Death Valley at 10 p. m. and the temperature there was 110.

The boys took turns driving, from 100 to 150 miles at a time. Harold's total was 529 miles and when at the wheel, drove over the highest point (8,935 feet).

We had a swim in Salt Lake, and then went and saw Capt. Eyston race his specially built car, 349 miles per hour on the salt beds. We took another swim in a water reservoir, near Beaver, Utah, and got chased out by the police. I am dirt brown from sun tan.

Saturday we got in the station wagon, and visited Grand Union Air Terminal, which is the de luxe airport of the West. I took up a 1937 Stearman-Hammond model V airplane off the ground, flew it 12

minutes, and landed it, using air-laps and the brakes, which I operated myself. When in the air, the pilot showed me how to do a "vertical," and then I did one. I dived it to a speed of 145 miles per hour, then pulled it up in a steep climb. This I did while the pilot sat next to me. We flew over a mountain, many of them around here, headed for the airport, landed the plane, and taxied it over to the hangar. Boy! that was some thrill!

Justus McClure and John Cap-

toia also flew the plane, which is a new type, and supposed to be as easy to fly, as it is to drive a car. The pilot charged us \$1.50 each, but it was worth 50 times that much. I was given a card stating that I flew the plane.

We saw two aeroplanes being tested for the National Air Races at Cleveland, while we were at the Airport.

Harold states that all six boys went over to the Aero Industries School on Friday, which they will

attend, and were recommended to a nicely furnished home, where they will live, and like very much.

ORDERED FROM CITY

Police discharged Tom Hayes, colored, whom was arrested Wednesday on suspicion. Chief of detectives Ray Showalter and Detective John Young found him in possession of a toaster which they believed he purloined. With his discharge was the proviso that he leave the city immediately.

Award Permits For Building Purposes

Shenango Pottery has been granted a permit to building a new brick office structure to cost \$2,000, according to Neil Williams, bureau of building, city hall. A permit also

has been given W. H. Butler for the construction of a new \$3,000 concrete block building, at 909 Vogan street, to be used by the Calvary Gospel tabernacle. Mrs. Charles DeFonso, 1515 Hamilton street, was given a sanction to building one story frame building to cost \$300. The building bureau also issued a permit to E. R. Swigger, 112 Northview avenue, to build a frame garage to cost \$100.00.

KILLER ESCAPES!

ALL too often the one who causes a smash-up rides away either stupidly unconscious of what he has done or coldbloodedly unconcerned about it. He commits some infraction of the law, brings on a crisis and then leaves the other fellows to get out of it as best they can.

Such people are a positive menace to all motorists, for they go on causing one accident after another. They never consider the other fellow—never look behind—never put out their hand—never give any warning of what they're about to do.

The State of Pennsylvania is catching up with these troublemakers and forcing them to pay the penalty for their selfserving actions. Every effort is being made to remove this type of road hog from the highways.

Check up on yourself. Make sure that you are not doing anything to bring on a crash, or even to cause annoyance to other drivers. Let everyone else on the road know just what you intend to do.

Mr. and Mrs. James Caravella of Leisure avenue, have as house guests, Mrs. Josephine Argenti, her daughter and son-in-law, Mr. and Mrs. Albert Gizzardi, of Providence, R. I., who arrived here on Sunday. While here, Mrs. Argenti, who is a sister of Mrs. Caravella's father, James Germain, of West Pittsburgh, is making her headquarters at the latter place.

Mr. and Mrs. Carl Gockman of Chicago, formerly of this city, who have been visiting for two weeks with Mr. and Mrs. Earl Dukes of Park avenue, attended a wiener roast Thursday evening, given by a party of their friends in their honor, at the home of Mrs. Gockman's brother, Campbell Houk in New Castle. Mr. and Mrs. Gockman left for their home this morning.

Delinquent Tax Collector Named

George McKenzie was appointed delinquent tax collector for the city of New Castle by the county commissioners this morning. Mr. McKenzie, who is secretary of the Equitable Building & Loan Association, held the position of delinquent tax collector last year. Duplicates containing the delinquent 1938 tax list will be turned over to him at his office on North Mercer street. The delinquent tax collector works on a new system of five per cent on the amount of taxes collected.

Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

WOOL GROWERS ASSOCIATIONS TO SPONSOR RAM TRUCK

Realizing the difficulties which many farmers experience in obtaining suitable rams to head their flocks, the several Wool Growers Associations of Northwestern Pennsylvania are sponsoring a ram truck this year.

The truck will make seven stops in five counties—Butler, Crawford, Lawrence, Mercer and Venango. At each stop, an educational meeting will be held with W. B. Connell, livestock extension specialist, of Pennsylvania State College, leading a discussion on the value of good management practices to success with sheep. Four stops will be made on September 26, and three on September 27. Announcement of the meeting places will be made later.

The truck, at the start, will haul between 30 and 40 Shropshire and Hampshire rams. They will be selected by the following committee: F. W. McDowell, Fredonia; A. H. Smith, Union City; Guy Fullerton, Enon Valley; Ellis Kane, Franklin; Robinson Brothers, of Mercer; and C. L. Breneman, Venango. The rams will be sold at private treaty.

This is the first time that a ram truck has been tried in Pennsylvania; however the idea has been used in a number of other states. In Michigan it has proved particularly valuable as an aid to the distribution of good rams. Actually, the rams are brought to the farmer, saving him considerable time and expense necessary to enable him to see as large a selection of good rams. The truck brings the rams into the farmer's community and enables him to make his selection without incurring a great deal of expense in the way of travel and time lost from other work.

No other single factor involved in sheep management makes a greater contribution to the profit side of the ledger than the use of a good ram.

STOMACH WORMS MAY REDUCE LAMB PROFITS

Last year Pennsylvania farmers lost over 30,000 head of sheep. One of the main factors contributing to this loss was a heavy infestation of internal parasites. Unless proper precautions are taken, trouble may develop again this year.

Rain and hot weather hatch out stomach worms by the millions. On the Pennsylvania State College, leading a discussion on the value of good management practices to success with sheep. Four stops will be made on September 26, and three on September 27. Announcement of the meeting places will be made later.

washing or losing its fertility. Weak acids formed in the decay of the cover crop make certain insoluble mineral plant foods in the soil more available.

CHEMICAL TREATMENT KILLS PEACH BORERS

Peach borer, an insect which has caused considerable injury during the last few years, can be controlled if treated with parathion-chlorobenzene crystals. The best time for the application is immediately after picking the peaches.

Remove all weeds, grass and stones around the base of the tree, but take care to keep roots covered, and scraping off sawdust and gummy exudations caused by borers. The earth is banked level around the tree above the insect openings. The parathion-chlorobenzene crystals are then placed on the soil in continuous circle about one inch from the trunk and in a bank about one inch wide.

Do not permit the crystals to touch the tree or be more than two inches from the trunk. The job is completed by covering the material with four to six inches of clean soil. With young trees it is best to remove the weeds about 10 to 12 days, but with trees over two years old it may be left for several weeks, but never after freezing weather.

NEW FALL WOOLENS HAVE SURFACE INTEREST

Can you imagine being interested in choosing a fall wool suit or coat these warm days? Perhaps not, but the professionals in fashions were busy as early as July 4 with the openings of fall fabrics and fashions. Now, after almost two months' time, they are appearing in the stores.

The theme for the new materials is surface interest, explains Miss Julia Markle, home economics extension representative of Lawrence County. Surface interest is obtained by weaves, textures or quality of the different threads used.

Do you remember frize which was popular to upholstery fabrics for so long? It had a curly finish. In the new woolens this curl may be so fine and light it resembles needlepoint, or it may be loose like a large French knot. This frize surface may be an all-over pattern or may be a matter of stripes or squares.

A variety in texture which gives an inconspicuous pattern effect is obtained by combining different fibers such as wool and mohair, Miss Markle says. Mohair is a smoother, more glossy fiber than wool and in this way a bright and dull texture is obtained.

And what about the new colors? The answer—dark, rich shades of green, wine and plum. Of course, black is always the favorite foundation color. Browns range from rust to the very darkest shade; bronze is a combination of brown and green. The reds range from the bright, dark, clear red to the wine shades. Smoky blues and gray also are good colors.

Plaid, stripes, checks and the nubby surfaces show combinations of two or more of these rich colors. A jacket and skirt may show a contrast of plain and patterned fabric. Black, or these dark, rich colors woven with gold and silver threads make some of the richer fabrics.

PREPARE THE COLLEGE WARDROBE FOR SERVICE

It's time to get busy and make plans for a freshman wardrobe, but be careful and patient while doing so, urges Miss Julia Markle, home economics extension representative of Lawrence County.

Get pencil and paper and mark off two wide and one narrow lengthwise columns. Head the first column "Have" and the second "Need". The third column will bear the title "Cost."

Empty your clothes closet and study the contents of dresser drawers. Try on everything in sight and examine yourself critically from all angles. It won't hurt to have a little extra criticism and advice from older sisters in the family. Write in your "have" column all garments truly becoming and wearable, working from the skin out. This will give you a concrete idea of what has to go into the "Need" column before you have a chance to make any mistakes.

It is wise to buy little clothing the first semester because all schools vary somewhat in regard to clothing favorites. One college may prefer sweaters and skirts, and another to tailored dresses. One may look with favor upon anklets while another may demand stockings and so on.

Of course, there are some college classics acceptable anywhere and which will fill the need for clothing until one is able to determine what else would be required.

Sweaters and skirts are convenient and popular. Plaids are particularly outstanding this year, as are also contrasting color combinations. Miss Markle reminds. Tailored shirtwaist dresses in any wash fabric are always in good taste. The highlight in this type of dress this year takes the form of unusual color or shape in studs and buttons.

One basic dress of simple design in a flat crepe or other conservative fabric will fill the bill for chapel, for teas, and for informal rushing parties because it may be converted into several different types of dresses simply by the addition or subtraction of variable accessories. For formal occasions, on long dress with suitable accessories is all one will need to start the college year.

A raincoat, a tailored top coat and hat, rubbers and umbrella will be ample for outer clothing until one sees what activities will demand more. Of course, a warm bathrobe is practically a necessity.

Remember those knitted undies and sleeping garments which can be washed in a dormitory lavatory and which require no ironing will be a blessing to any freshman.

Also, shoes that are comfortable and that are "broken in" before being brought to college will help one to forget one's feet.

DIVORCES INCREASE

PARIS—Divorces in France are on the upswing statistics here show. Seven years ago there was but one divorce per seventeen marriages, today, there is one per twelve. Weddings are on the decrease. Last year there were only 274,122 marriages, compared to approximately 350,000 the previous year.

Commission as notary public for Clarence H. Coates has been entered at the register and recorder's office.
County Treasurer V. I. Mandich announces that there will be no extension of time within which taxpayers can pay their taxes at face. This comes within the jurisdiction of the state legislature and cannot be changed.
A short session of court will be held on Saturday morning at which motions and petitions may be presented.
During a discussion of the best method of holding a registration in county districts, in the county commissioner's office, it developed that Thomas Edmunds, head of the registration bureau, had traveled 250 miles on last election day, correcting errors that had been made by registrars unfamiliar with the work. On the previous election day he had traveled about the same distance.
Judge Thomas W. Dickey heard petitions of Gustano Cocco, Anna Cocco and Vincenzo Cocco for change of name. The petitioners testified that they wanted their names changed to Rosse, as they liked the name better. No objections were offered to the change and Judge Dickey made an order changing the name of Gustano Cocco to Thomas Rosse, and that of Anna Cocco to Anna Rosse. Their four children are to be hereafter known as Frank, Louise, John and Rose Rosse. The name of Vincenzo Cocco was changed to Jim Rosse.
The New Castle Fair association has been given a check for \$1,000, which was the amount appropriated by the county toward the project.
Voters whose names were stricken from the registration bureau lists are not coming back very fast, according to Registration Clerk Thomas Edmunds. About 1200 were stricken off for failing to vote within a two-year period. Only about five per cent, or 60, have come back to register. All were notified by card that their names had been dropped. Some of them have probably moved away.
Margaret Grace Gibellini of Ellwood City has filed an application at the prothonotary's office for a divorce from her husband, William M. Gibellini, on the grounds of cruel and barbarous treatment. The couple were married at Wellsburg, W. Va., in September, 1936.
County Detective Paul A. Welsh has presented a petition to court asking that \$26.65 taken from Pat Dianna, 919 South Mill street, and Carl De Gennaro, 928 South Mill street, in connection with "numbers" cases, be turned over to the county. Judge Thomas W. Dickey issued a rule on the defendants to show cause why the money should not be forfeited.
Sheriff M. M. Ingham has received notice of counterfeit money in circulation in this district. The bogus money is in five, ten and twenty dollar bills. Directions as to how it can be detected are given. The principal point being that the portraits are muddy looking.

DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

Some mothers permit their babies to cry it out alone. Other mothers rush and pick up their crying babies.

It may be all right to let a normal, healthy baby cry it out, but what about the sick baby?

A sick baby or a feeble, undernourished baby will have a weak, whining cry.

The cry of pain is usually sharp and fretful.

Generally, babies cry from discomfort, pain or hunger.

Sometimes they cry from nervousness—the result of a hectic household.

Babies may cry because of temper or because they have been spoiled and want attention.

The healthy infant's cry is strong and lusty and usually means that he is hungry.

Every mother should learn to interpret wisely her own baby's crying.

Second One Is Property Of Oscar P. Shirk, Of Wilmington Road

Not one but two of those original 12 medals which were awarded on September 10, 1813, to 12 heroes of Commodore Oliver Hazard Perry's famous victory over the English on Lake Erie, are owned by Lawrence county families.

One of the medals was presented to Thomas Green, and is now in the possession of the warrior's great-grandson, Alderman O. H. P. Green of Richfield avenue. The other was struck off in honor of John Shirk, another hero of the Lake Erie engagement, and today it is owned by a great-great-grandson, Oscar P. Shirk of the New Wilmington road, R. D. 3.

The medal is about the size of a silver dollar and on one side is the name of the person to whom it was awarded and an inscription which reads: "In testimony of his patriotism and bravery in the naval action off Lake Erie, presented by the government of Pennsylvania" and the date, September 10, 1813. On the reverse side appears Commodore Perry's figure and the words: "Olivier Hazard Perry, pro patria victi."

JAPAN'S GASOLINE RATIONING PLAN WORKS SMOOTHLY

(International News Service)

TOKYO—After several months of adjustments, Japan's gasoline rationing plan instituted May 1 has settled down to smooth operation now.

There were numerous complaints at first. Private car owners complained that midget autos got the same amount of fuel as limousines. Motor boat owners and trucking concerns suffered somewhat, but they were pacified with a slight increase.

Stationary taxis were hard hit with a 30 per cent reduction in gasoline. Standing in garages waiting for calls, they were at a disadvantage with cruising taxis, who merely cut down on their cruising.

Taxi fares skyrocketed for about a week after the ration plan went into effect. Then a police squad conducted a little investigation, issued a warning which suggested reasonable rates, and fares came down. For further economy in national gasoline consumption here, the cabinet this month decreed a 20 per cent mixture of alcohol in all gasoline.

The News By Mail, One Year, \$5.00**World's Largest Aircraft Hangar Opened In Miami**

(International News Service)

MIAMI, Fla.—The world's largest aircraft hangar has been opened here at the International Pan American Airport.

With the completion at "Dinner Key" of the enormous twin-story structure, Pan American Airways now has here 118,800 feet—nearly three acres—of hangar space. To accommodate the clipper ships of the future, whose wing spans officials say will be enormous, the huge hangar, occupying 76,000 square feet, has an open door space 150x180 feet, with 35 feet clear "head room." The steel ribs of the present clipper stand 25 feet above the ground and their wings have a span of 118 feet. Two sections, one three stories high and the other two, house the most modern aircraft shop building erected.

In an adjoining monitor-type steel structure two stories high and 160x180 feet in size, are housed the motor and machine shops. This building contains 22,800 feet of floor space.

Manifold has hit bottom when all of earth's civilized millions wait in helpless dread while a little paper-hanger decides their fate.

GOODRICH PLANS NEW LABORATORY

(International News Service)

AKRON, Ohio, Sept. 2.—Plans for a \$15,000 experimental laboratory to serve as a testing ground for mechanical goods equipment and to extend research in other rubber products were announced today by the B. F. Goodrich Company.

The building will be the second important unit of a \$100,000 construction program launched by the company a year ago, officials said.

Last year's program included approximately \$500,000 for machinery and was the largest outlay for expansion by the company since 1929.

The new laboratory, augmenting other research units maintained by the company, will be 50 by 40 feet and three stories in height.

The gullotine was not invented by Dr. Francis Gullotine, as popularly believed. He merely recommended its use to French authorities during the revolution. It long had been in use in other European countries.

Samuel—Spiritual Revival

"Brass Tacks" On The Sunday School Lesson

The Golden Text

1 Samuel 7:3—"Prepare your hearts unto the Lord, and serve him only."

(The international uniform lesson on the above topic for Sept. 4 is 1 Samuel 7:1-17, The Golden Text being 7:3, "Prepare your hearts unto the Lord, and serve him only.")

By DR. ALVIN E. BELL

Of no man in the Old Testament can it be said more truthfully than of Samuel that "he wore the white flower of a blameless life." Of his unselfish life of the people to whom he had been a life-long blessing said, "Thou hast not defrauded us, nor oppressed us, neither hast thou taken ought of any man's hand."

A Call to Repentance

Samuel challenged the people to bring about a genuine change of their own hearts as a requisite to God's bringing about a change of their outer circumstances. He pointed out the way of repentance as the way of recovery, saying, "If ye do return unto the Lord with all your hearts, then put away the strange gods from among you, and prepare your hearts unto the Lord, and serve him only and he will deliver you out of the hand of the Philistines." It was a period of great national depression and distress which invited the attack of the nation's enemies. For their defense Samuel urged them to rearm themselves spiritually, with the result that the people came in penitence and the self-discipline of fasting, crying, "We have sinned against the Lord." To Samuel they appealed, "Cease not to cry unto the Lord our God for us, that he will save us." This was all God was waiting for: "Samuel cried unto the Lord for Israel; and the Lord heard him." And a study of America's spiritual revival and the way they have prepared the way for the return of prosperity after depression reveals the same definite relation of cause and effect between a nation's spiritual and economic recovery. History has repeated itself so often in this matter that it is strange that a nation calling itself Christian, as we do, would not try it!

"Ebenzer"
When Samuel's method of recovery by way of revival had brought the nation deliverance he saw to it that the lessons of the depressing period should not be forgotten. "Then Samuel took a stone, and set it between Mizpah and Shen and called the name of it Ebenzer saying, Hitherto hath the Lord helped us." He did not vainly take to himself the credit for the change of the nation's condition as though he had planned it that way, but gave the credit to Jehovah and to guarantee perpetual remembrance of this and gratitude for it he engraved in stone the acknowledgment of the nation's debt to God for blessings bestowed. The founders of our nation had much the same idea in mind for us when upon the recommendation of Benjamin Franklin, John Adams and Thomas Jefferson, they adopted as the Great Seal of the United States a pyramid surmounted by the all-seeing eye of him whom they regarded as having prospered their undertakings, for the words over the eye read "Annuit Cœptis," which is but another way of saying, "Hitherto hath the Lord helped us."

AROUND CITY HALL

Repeated public warnings having failed to accomplish their purpose Mayor Charles E. McGrath has sent police in cruiser cars to different sections of the city with orders to arrest motorists who speed or operate automobiles recklessly. He believes it is far better to punish those who have no regard for the rights of others than to send police to some spot to pick up the lifeless body of some person. Automobileists who exceed the speed limit or operate cars have no right to expect leniency and judging from what Mayor McGrath has promised, no leniency will be shown them.

Six thousand, nine hundred and seventy-five dollars was expended for new constructions and repair work during July, according to a report obtained from Neil Williams, clerk, building bureau, in city hall. Of this amount \$5,750 was spent for new construction which consists of seven new garages, one church and one office. The remainder was spent for repairs.

City hall offices will be closed Monday which is Labor Day. In fact, all city employees, excepting those employed in the police and fire departments, will be off duty. Council will meet then adjourn. Under state law council is forced to convene each Monday.

Can Company Employees Have Annual Outing

Five Hundred Gather At
Corn And Wiener Roast
Event On Thursday

Five hundred American Can Company employees and their families motored to Lakewood late yesterday and last night to partake of bountiful helpings of corn and wieners which marked their annual corn and wiener roast outing. From late afternoon until midnight, the annual affair was celebrated. Each guest was announced through a loud speaker system by Alfred Morris on arrival.

Dinner was served by a competent corps of workers and music was enjoyed by the Canco orchestra during the meal. The Canco quartet, consisting of Arthur Dennis, William Phillips, Dominic Guido, John Walzer, and assisted by Lloyd Harris, rendered several pleasing selections. Arthur Dennis lead pep singing during the dinner hour.

Much amusement was derived from a sport of tug of war between the night and day operators and the night boys carried away the honors of winning the contest. After dinner, bingo was a past time with special prizes being awarded through out the evening. Richard Morgan was in full charge of the playing. After the awarding of the bingo prizes, Lou Walzer and Merle Brooks called the dances for round and square dancing, which amused the guests until way after midnight.

The committee who served included: B. H. Kannenberg, H. H. Pearce, Karl B. Norris, Sue Cramer, Albert Ellis, William Schoenfeld, Harold Pitzer, William Ellis, John Russo, Bingo committee, Richard Morgan, chairman; dance committee, Merle Brooks, chairman; music committee, Art Dennis, chairman; serving and table committee, Thomas Richards, chairman; athletic committee, Michael Priscilla, chairman; coffee committee, H. H. Pearce, chairman; transportation committee, Miss Sue Cramer, chairman.

Fish Tales

By WALT SEIFERT
Central Press

• Jim Peck and his "mistake"

STURGEON!
This is a piece about sturgeon—fabulous monsters we have seen and never caught. But grandpappy did, and for years he entertained us with highly imaginative sturgeon tales. And Jim Peck, sturgeon-killer de luxe, told us all about them while we wangled bass in the St. Lawrence this summer.

Up to 1870, sturgeon lived comparatively unmolested in the Great Lakes region. Scorned by fishermen, they grubbed their way leisurely along the bottom, sucking in small animals and water plants until they reached six or seven feet.

Then some connoisseur discovered that sturgeon eggs, properly treated, made excellent appetizers. With caviar prices skyrocketing, American netters and spearmen went down to the sea in droves and killed off almost all of the lubberly behemoths.

Grandpappy liked to recall the days when parties of "sportsmen" rowed along the shallow shores of Lake Erie and speared as many as 100 sturgeon, towing them up on the bank to be cut up for cornfield fertilizer.

Jim Peck, veteran St. Lawrence guide, has an even sadder yarn about the fish. Last summer, after hooking a 215-pounder near Alexandria bay, he hauled it to the docks and sold it for 40 cents a pound. WPA investigators, hearing of Jim's precocious, soon threw him off the relief rolls, and told him to catch more of the lucrative fins. A year has passed; the sturgeon have been few and small, and Jim claims he can't get back on the federal rolls.

For sturgeon-hungry fishermen it may be said, however, that many specimens still rave the St. Lawrence. Extremely small-mouthed, they are caught on set lines baited with chunks of perch.

Soviet Snipers of the Future

An important defense measure for a beleaguered town is the use of snipers, which Soviet Russia is going in for in a big way. Pictured above are members of the Society of Air and Chemical Defense at Vitebsk, organized with the avowed intent of training snipers in their hazardous task. These young men and a woman seem adept at handling the rifles. (Central Press)

State Motor Police Warn
Motorists About Traffic
Over Holiday

SAFE DRIVING TO BE FORCED

"Motorists should be extremely careful. If they are not the Grim Reaper will get them and if not a State Motor policeman will."

This was the public warning issued today by Corporal G. C. Leek of the New Castle detail of motor police.

"A 24 hours patrol daily until Tuesday was established today," Leek stated.

"The local detail, which will patrol all roads in the county, consists of 10 policemen."

"The police have considerable equipment and the police will patrol in automobiles and on motorcycles."

"Do not speed nor drive a car recklessly. Observe all Stop Signs and don't make bad passes" the corporal advised.

He anticipates the heaviest traffic of the year beginning today until Tuesday.

The week end motor traffic will be augmented by the Labor day motorists and vacationists returning to their homes.

DOOMS HIS WHEAT BY ORDER KEEPING FIREMEN AT HOME

(International News Service)

SACRAMENTO, Cal.—The fire department of nearby Marysville received repeated calls to rush 6 miles outside the city limits to battle a grain fire.

But Mayor Dan E. Bryant, fire commissioner, refused to permit the department to answer the calls.

Finally Bryant drove out to the scene of the blaze to investigate.

It was his own grain field burning but by then it was too late to save it from being totally destroyed.

Former Resident Victim Of Fumes

Arthur Marshall, 32, Dies In
Beaver County Of
Monoxide Gas

Private services are being held here this afternoon for Arthur Marshall, 32, former resident of East Reynolds street, who died in Beaver county this week as the result of inhaling carbon monoxide fumes from the exhaust of his automobile.

Missing since Tuesday night, Mr. Marshall, an Aliquippa fireman, was found in the rear seat of his automobile, Thursday afternoon, by a group of boys. The car was parked near an embankment on the Drexel farm, between Monaca and Aliquippa.

Beaver County Coroner H. C. McCarter stated that two notes had been found on the body, one to his parents, Mr. and Mrs. George E. Marshall of 425 East Reynolds street, New Castle, in which he wrote: "Everything has gone wrong with me. I have decided to end it all." The other note was addressed to an unidentified friend in Monaca.

Arthur G. Marshall was born in New Castle July 2, 1906. He was a member of the local Emmanuel Baptist church, the Eagles and Moose Lodges. Although a machinist by trade, he had been working as a substitute fireman at the Central Fire Department of Aliquippa for some time.

His parents, one sister, Olwen, and one brother, George H., of this city, survive. He was single.

Rev. Thomas Francis is in charge of the services being conducted at 2:30 this afternoon in the Ritchie funeral home. Interment will follow in Oak Park cemetery.

Divorce Court Is In Session Today

Divorce court is being held today by Judges W. Walter Brahm and Thomas W. Dickey, each sitting in a different court room. There were eighteen cases scheduled to be heard, but one of them, that of Jesse Young against Lillian Young, was taken off the list, and two others, those of Louise Horcher against Gilbert Horcher, and Rubella Johnson against John Johnson, were continued.

Desertion and cruelties are the principal charges. In the desertion cases details surrounding separations are given, and in the cruelty cases the specific acts of cruelty were outlined. None of the cases before the court this morning were contested.

As the primary elections swing into the home stretch, a glance at the records shows that there is about a 50-50 split in New Deal victories and losses among Democrats who received the administration nod or disapproval. And now political observers wonder how the president will fare with three men marked on his "purge" list, Senator Walter George of Georgia, Senator Millard E. Tydings of Maryland and Representative John J.

O'Connor of New York. Four Democrats who won over administration-backed candidates are Senator Ellison D. "Cotton Ed" Smith of South Carolina, who defeated Gov. Olin D. Johnston; Senator Guy Gillette of Iowa, who emerged victorious over Representative Otha D. Wearin; Representative D. Worth Clark of Idaho, who beat Senator James P. Pope, and Sheridan Downey, victorious over Senator William Gibbs McAdoo in California.

SEVENTH WARD NEWS

**Wiener Roast
Planned Soon
At Playground**

**Mrs. Jennie Rainey Heads Com-
mittee For Coming Social
Event In Ward**

Plans are now being formed for a wiener roast at the South Liberty street playground, for the children who daily play there.

Mrs. Jennie Rainey, president of the Italian American Recreational committee of the Seventh Ward is chairman of the general committee in charge of the wiener roast.

A gala program will be planned in conjunction with the wiener roast. It is expected also that there will be a gala display of fireworks at the playground in conjunction with the event.

Further plans will be made later this week, when Mrs. Rainey calls a meeting of her committee.

**Post Office To
Be Closed Monday**

Edwin McBride, superintendent of the Mahoningtown Branch Post Office, stated today that the post office will be closed all day Monday, Labor Day.

McBride stated that there would be no city or rural delivery all day, and no window service. Mail will be dispatched as per holiday schedule.

Special delivery mail and perishables will be delivered despite the holiday schedule.

TINDALL REUNION
Annual reunion of the Tindall family will be held Saturday, September 3, at Cascade Park.

**Library To Remain
Closed On Monday**

Although Monday would ordinarily be a library day for the Seventh Ward Branch library, the institution will remain closed all day in observance of Labor Day.

According to Miss Sarah Mervis, branch librarian, the library will be open as usual on Thursday.

SLUGGERS WIN GAME

Another game in favor of the Liberty Street Sluggers was chalked up Wednesday evening, when they played the North Hill Red Sox. The score was 7-9 in favor of the Sluggers.

Home runs made by Ciccone and E. Russo. Bartoreo did the pitching for the Sluggers. The game was played at Colonial field.

**Crowd Listens
To Concert In
Ward Thursday**

**Public Concert Is Presented By
WPA Musicians At Liberty
Street Playground**

One of the largest of concert crowds turned out Thursday night to hear the public concert presented by the WPA musicians at the South Liberty street playground.

The orchestra playing under the direction of Ben Shulansky and Harry Hammond, gave an excellent program for the Seventh Ward residents.

A varied program of semi-classical and popular music was presented for the concert. This concert was another in the series of summer concerts scheduled for the Seventh Ward.

News Briefs In Ward Area

Painters completed the exterior job at the Norris Block on North Liberty street, Thursday afternoon. The windows and doors have been given an attractive coat of steel gray paint and it has greatly enhanced the appearance of the building.

At the present time there are 16 pieces of fine new equipment available at the South Liberty street playground for the children who visit it. There is also a fine band-

stand and a tented area for handicraft work.

Listed as a WPA project for next year is the paving and improving of East Cherry street, between the Pennsylvania railroad tracks and the B. & O. railroad tracks. This work when done will be a great boon to motorists of the district.

There are quite a number of out-of-state automobiles passing through the Seventh Ward daily. Due to the fact that Liberty street is one of the main highways of the country, most of the traffic in the district is through traffic.

Plans are being made by Mrs. Ruby Arble, in charge of the handicraft work at the South Liberty street playground, to have an exhibit of the work placed in the win-

dow of the Seventh Ward Branch library, on East Madison avenue. Some fine things have been made by the children at the playground during the summer months.

SEVENTH WARD PERSONALS
Eleanor Pinkerton, North Liberty street, is spending a vacation at Philadelphia.

Mr. and Mrs. Guy D. Rainey, Darlington avenue, were visitors in Youngstown Thursday.

Mr. and Mrs. Charles Hammond, Lafayette street, have returned from

Detroit, Michigan, where they visited for several days.

Paul D. Weller, has returned to his duties following a vacation visit at Winona Lake, Indiana.

**CZAR'S COUSIN IS
A PIANO TEACHER**

(International News Service)
BELGRADE, Yugoslavia.—Prince Alexander Trubetsky, cousin of the late czar of Russia, today leads a very modest life as piano player in

dancing schools in a suburb of Belgrade.

The prince before the war was one of the wealthiest men in Russia. Together with his wife he now lives in a poorly equipped apartment. His present income as piano player in little dancing schools amounts to \$50 monthly.

A friend of the prince, Count George Stuermer, son of Russia's mighty Prime Minister until 1913, today works in an airplane factory in Belgrade.

West Pittsburg Team Wins Championship From Mahoning A. A.

For Second Consecutive Year West Pittsburg Wins City Baseball Title

Tonsetic And J. DeMonaco Stars, Father Schirra Presents Handsome Trophy

Pittsburg ball club is the finest that he has ever seen and a real credit to the city baseball league. Manager Danny DeGenova was being showered with congratulations today and he deserved all of them. Taking a team to two straight championships is quite an achievement.

West Pittsburg, the "Gas House" gang, are the 1938 city baseball league champions by virtue of a lot of happenings at the E. & A. field in Mahoningtown, the most important being of course the championship that has been won by the West Pittsburg team for two straight years. The score was West Pittsburg 8, Mahoning A. A. 7. Father Peter Michael Schirra of St. Joseph's church, president of the league, at the end of the game awarded Manager Danny DeGenova of the title-holding team a handsome trophy cup. A crowd of close to 6,000 fans witnessed the game.

Rainey is Beaten.

The West Pittsburg team went to work on "Monk" Rainey in the first of the third for a pair of runs. When all the hits had been counted at the end of the game, the "Gas House" had 14 and Jimmy DeMonaco had three of them, all singles.

"Lefty" Tonsetic, besides standing out there on the firing line as cool as Eskimo at the North's Pole, stepped into one of Rainey's feet in the fourth frame, scoring DeMonaco and Winters, to give the West Pittsburg team a lead at 5 to 2, as the Mahonings failed to score in their half of the fourth.

Club Ball Hard.

The West Pittsburg just to make it safe up and scored three more in the fifth inning just to prove that they can hit and that Rainey's jinx over them has been busted. Tonsetic allowed the Mahonings nine hits and it looked bad in the last of the seventh when the Orlandos scored three runs, but the rally was nipped in the bud and West Pittsburg went home with the trophy cup for the second straight year.

Clever Fielding.

That West Pittsburg is the class of the league was shown last night. J. DeMonaco handled the third base job like a Pie Traynor, some of his stops were of the sensational variety. J. Elssesser and James Marky looked awfully good at the short and second spots, and Mike Marky at first base leaves nothing to be desired. It's the sweetest infield that you would care to look at.

Credit To League.

Quoting Michael "Jake" Babovsky, secretary of the league, the West

Claim Moran In 'Pink' For Battle

Hopes To Score Win Over Billy Sharp, Wierton Boxer, Monday

RETARDO AND BLANK IN BOUTS LABOR DAY

Labor Day will not be a day of rest for those who labor each other with fists encased in gloves padded with horsehair. Instead, it will be a rather arduous day and when 8:30 p. m. arrives there will have gathered a large crowd to see 15 pugilistic inclined square off in eight amateur bouts in the Grove street playground. The Jefferson A. C. will promote the fistic show.

Among those who will display their pugilistic aptitude will be Frankie Moran who deals out knock-out punches with either left or right. Naturally one would suppose the left-hander would deliver his lethal socks with a left. The fact remains that his right hand is every iota as supersonic as his left. The last time Frankie went to the fistic war, it found him ending up on the wrong side of the decision.

The chap who turned out to be Little Smoke Robinson of Oil City who copped the verdict by virtue of his battling in the third round. Moran's judgment of stance was bad and he appeared "joggy". Robinson took advantage of every mistake Moran made, hence his victory.

Frankie has been boxing good in training bouts and believes that when he steps into the ring against Billy Sharp of Wierton, that he will be "right". He wants to win then fight return engagements with Babe Hutchins, who he is to fight by shade and Robinson who beat Wee Willie Barnes of Farrell, at Farrell, Tuesday night. The fight between Barnes and Robinson was a sizzler which shows Smoke is in condition. They are featherweights.

Retardo To Fight

Another scrap on the calendar which should contain many punches will be seen when Harold Blank of Youngstown, conqueror of Steve Kowalik and Al Sayers of Chester, W. Va., battle. They have agreed to weigh in at 140 pounds. Blank won the prize watch when he beat Sayers. Sayers is reported to be a good boy and qualified to oppose the flashy Blank.

Originally it has been proposed to bring Tim Sharpe here, but this plan has undergone a change. Only two of them will fight. Billy against Moran and Bert against Frankie Karick of Youngstown. Karick and Bert Sharp will weigh 155 pounds. If Bert can kavo Karick he will secure additional work here but he will have to fight plenty to do it.

Nick Retardo, Ellwood City slinger, is one fighter the fans can rest assured will give them action, regardless of whether or not he wins. To date he has won the prize watch and has the key-set, which composed first and second prizes. He will battle Jimmie Cordova, of Youngstown.

Jim Jones, of Youngstown, will meet Wesley Rodgers, of Grove City, at 142 pounds; Johnny Fuz, of Wierton, will oppose Johnny Cornell of Chester, W. Va., at 114 pounds; Steve Morgan, of Youngstown, will battle Bob Carmichael, of Wierton, W. Va., at 120 pounds; and Sayer Graham, of Chester, W. Va., will take on Mutl Casale, of Wierton, W. Va., at 145 pounds in other bouts.

HERE AND THERE IN SPORTS' LAND

Don Budge, Bobby Riggs and Joe Hunt, three of the four members of the U. S. Davis cup squad, who, on Saturday, will begin defense of the trophy against Australia, have been placed at the top of the home seeded list for the men's national singles tennis championship which starts a week from today at Forest Hills. The championship, in which Budge will seek to add his second U. S. crown to the Australian, French and Wimbledon championships he has won this year, has an entry of 99 players. John Bromwich, Australian star, is among them. Helen Jacobs was placed number one on the U. S. women's seeded list. The seeding committee evidently based this rating on her defeat of Alice Marble in the Wimbledon semi-finals although she has not played in competition since she sprained her ankle in losing the Wimbledon final to Helen Wills Moody. On the other hand Miss Marble has been active. Miss Marble was given second place.

Frankie Moran's pugilistic rating here is 500, not 750 and this is written to correct an error in yesterday's sports columns. Frankie was credited with having lost only once to Smoke Robinson in the Grove street ring. He dropped two decisions there. Two of the five were won by a knockout and the other by a decision. His defeats were by a narrow margin.

To Frank Sullivan: In 1903 the Boston Americans defeated the Pittsburgh Pirates in the world series, five games to three. In 1925 the Pittsburgh Pirates defeated the Washington Americans, four games to three and in 1927 the New York Yankees defeated the Pirates four games straight.

Eliminate Five Tournery Teams

Two More Games Will Be Played Tonight In Girls Softball Tournery

Five girl softball teams were eliminated last night on the opening night of the Lawrence county girls championship tournery. Two games were held over until tonight due to lack of playing fields.

Rocco P. Viggiano, general chairman of the tournery, has appointed Franklyn Crisci, Fred Marcella and Tippy Richards to have charge of all games in the tournery. Last night's results: Progressive Youth Girls 26, Buttercup 4.

Liberty Stars 17, Booker T. Washington 11.

Edenburg 11, Cherry Street 10.

Mooney Girls 15, Big Beaver Stars 15.

Chester 25, West Pittsburg 10.

Games Tonight.

Factor Varieties vs Checker Girls, Gaston park field. B. Ostrosky and Tex Richards umpires.

Willow Grove vs Friendship Street at Liberty field. Skip Russo and Pete Cardella umpires.

Supervisors Named.

The opening ceremonies were at the Liberty field last night where Commissioner Franklyn Crisci tossed the first ball to Rocco P. Viggiano and the tournery was officially under way. The following supervisors have been named for the tournery games tonight: At Liberty street field, Skip Russo and Willie Domenick. At Gaston park field, Vinnie Gallagher, Fred Marcella and Henry Veldner.

N. Y. A.-Farrell Meet In Tournery

Commissioner Franklyn Crisci Returns From Pittsburgh With Tournery Schedule

The N. Y. A. team, champs of the City-County softball tournery of recent date, will meet Farrell, Pa., in the first of the Western Regional title games at Greenlee Field, Pittsburgh, Sunday. It was announced by Commissioner Franklyn Crisci who has returned from Pittsburgh where he went to assist in the elimination drawing.

One-Day Tournery

Should the Rubels coached N. Y. A. team upset Farrell in the game at 12 o'clock, they will meet the winner of the Ford City and Greensburg game that will be played at 1:30 o'clock at 4:30 o'clock. Should the N. Y. A. upset both Farrell and the winner of the Greensburg-Ford City game, they would be forced to meet the winner of the Cozsa-Homer City and Uniontown-Beaver (Elipott) game at 6 o'clock in the finals for the right to go to Chicago.

There are eight counties represented in the elimination series. Coach Rubels and his fast N. Y. A. team led by Captain Crisci go to Pittsburgh with the best wishes of the softball fans. The N. Y. A. team had to upset a hard fighting Amode team to gain the city-county title here.

Pulaskis-Civics To Play Saturday

Ready To Play Second Game Of Series For Union Township Title

The K. Pulaskis and Union Civics baseball teams will resume their Union township championship series at Glasser field Saturday afternoon, as was announced by Manager Alexander "Lefty" Maslyk of the Pulaskis today. The game starts at 3 o'clock.

The third game of the series if necessary will be played at a field to be determined by the toss of a coin and will either be played at Lee avenue or Glasser field on Sunday, it was announced.

Manager Maslyk will use Cabbie Mrozek or Walter Sono on the hill in an effort to even up the series. The Unions won the first game played several days ago. The Unions will use either Shaw or Chiatullo on the knell in an effort to end the series Saturday, if possible.

Gridders Battling Hard For Positions In Training Camp

Indications Point To Hard Fighting New Castle High Team This Year

Fast Backfield In Making, Line Is Biggest Worrey Of Coach Bridenbaugh

New Castle High School football team may not be the best in the world this year, but it will be the fightingest football team that ever put a cleat on Taggart Field, is the impression one gets after watching those 35 young hopeful candidates go through a scrimmage session. For over two hours yesterday the boys "had" at each other and at the end of the workout sat down to steaming plates of delicious chicken as only Mrs. Hood can cook it.

Need Good Linemen

The chief worry of the coaching staff in camp is the line this year. There are two ends, two guards and center to pick out of the material on hand. The center job may be taken care of by Earnie Adamo, brother of the former New Castle High center at the present time, Charles Cicaglia, Eddie James and Lindy (Continued On Next Page)

candidate. Haddad is another center prospect.

The leading guard candidates at the moment are Jim Rucker up from Washington High this year and Bill Johns from Franklin High. Other guard candidates are Temenski, Casarucci, Piccirilli and Gilboy. The jobs will go to Rucker and Johns if they show enough stuff, but they will have to keep this young chap Casarucci out of the way and that's a big assignment. He is called "Dynamite" by his mates and he is well named.

Ends Are Shaky

At the tackles this year will be "Socks" Roussos and more than likely John Kuln's, these two being the leading candidates at the time. Other tackle aspirants are Raskowski, Makhlul, and Kennedy.

The ends are going to be a source of worry to the coaches this year—at the present time the chief end candidates available are Zarilla of Mahoningtown, and Phillips, Orde and candidates who may dislodge Zarilla and Phillips are Cenname, Carson and Malley.

"FASHIONS FOR MEN"

Pirates Down Giants 6 To 0, Nearer Pennant

Lead By Seven Games Over
Reds, Pittsburgh Has
"World Series Fever"

INDIANS WIN WITH FELLER ON MOUND

By PAT ROBINSON
International News Service Sports
Writer

NEW YORK, Sept. 2.—Pittsburgh is a delightful spot to spend a few days in early October. The weather is usually balmy; the hotels are good and the people friendly. So, if you are planning to take in the world series this year, you might just as well make your hotel reservations now.

Pie Traynor and his Pirates gave virtual assurance of no cancellations by knocking off the Giants again yesterday and incidentally dropping them into fourth place.

Pirates Humble Giants.
Bob Klinger held the Giants to seven hits while the Bucs pounded on a trio of Giant crumples for an even dozen and a 7-0 decision. That practically eliminates the Giants as pennant contenders.

Clay Bryant turned in a six-hit 4-2 victory against the Bucs to put the Cubs in a tie with the idle Reds for second place, but both are eight games behind the Pirates in the games lost column.

The Cardinals once again came through in the last inning to take the Phillies, 6 to 5.
The Tigers made it two in a row over the Yanks, 6-3, behind the fifty pitching of young George Coffman, who not only held that slugging outfit to eight hits, one of which was Henry's 21st homer, but helped his own cause with a base-clearing double, scoring three runs.

Feller Wins One.
And speaking of doubles, Hank Greenberg hit one that traveled exactly 430 feet to bounce off the center field bleacher wall. Monty Pearson, who pitched a no-hitter his last time out and who had won his last two games, was the victim of this tremendous wallop.

Bob Feller turned in his 13th victory when the Indians beat the Athletics, 11-4. Jimmy Fox's 38th homer gave the Sox a 5-3 decision over the Browns.

Manager Jimmy Dykes announced he would retire to the inactive lists next season and the White Sox celebrated the announcement by pounding out 18 hits for an 11-6 verdict over the Senators.

West Pittsburgh And Bessemer To Play On Sunday

First Game Of City-County
Series At Bessemer Field
Sunday At 3 O'clock

The first game of a five-game series for the city-county baseball championship between West Pittsburgh, the city champs and Bessemer, the county champs, will be played Sunday at the Bessemer field at 3 o'clock.

Hardesty or Nord will do the pitching for the Cement Towners with Manager Danny DeGenova probably choosing either Grip Powell or Dombeck to do the pitching. Tonsette will be rested for a few days from his strenuous city title pitching duties, having won two of the games from the Seventh Warders.

Donald And Helen Seeded No. 1 In Tennis Tourney

Budge And Miss Jacobs Are
Ranked As Leading Tennis
Players In Country

(International News Service)

NEW YORK, Sept. 2.—Two Californians—Don Budge and Helen Jacobs—headed the list of seeded stars in the draw made today for the national men's and women's singles tennis championships to be held at Forest Hills, L. I., starting September 8.

There were 99 entered for the men's title and 64 for the women's championship.
Bobby Riggs, who will team with Fudge in the Davis cup singles, was seeded No. 2 among the American stars and after him, in order, came Joe Hunt, Sydney Wood, Ellsworth Cooke, Frank Kovacs, Frankie Parker and Bryan Grant.

The foreign stars were seeded as follows: John Bromwich, Australia; Adrian Quist, Australia; Franjo Puncer, Yugoslavia; B. Destremau, France; Yvon Petra, France; Franjo Zukuljevic, Yugoslavia; Fumitoku Nakano, Japan and Charles Hare, England.

GRIDDERS BATTLING HARD FOR POSITIONS

(Continued From Page Twenty)

Lauro all with a year's experience under their belts. New candidates are: Freddie McKee of Washington, High, Donofrio, "Rags" Gennoch, Palkovitch, Jim Toler, Lawrence "Lightning" Roberts, and DeMarco. Coach Bridenbaugh is well fortified in the backfield. He will have two fine sets of backs available.

Break Camp Saturday.
The student managers in camp are George Miller and Jesse Toth and they are kept busy all of the time with various details.

Two more hard workouts and a scrimmage session will be held today. The boys will break camp Saturday afternoon. Not a one of the boys in camp wants to come home, they are having a fine time and are working like Trojans to give New Castle another fine football machine.

MAHONING WINS GAME

The Mahoning M. E. team won from the Third U. P. team last night at the P. O. Field, 6 to 3. It was announced: Calvert was the Mahoning pitcher and McNichols did the hurrying for the East Siders.

ELDERLY GOING AWAY

The Elder A. C. baseball team will go to West Middlesex on Saturday for a return game with the West Middlesex Merchants. It was announced by Business Manager Howdy Smith.

Rambling Around World Of Sports

New Castle fans backing the Bucs

Pittsburgh's pennant-bound Pirates have one of their foremost cheering sections right here in New Castle. . . . Despite the fact that the Pirates-Giants twin bill was a mid-week attraction, several hundred localities deserted the city to offer their personal backing to the climbing Bucs. . . . Main street buzzed with discussions relative to the double bill. . . . Such dyed-in-the-wool Pittsburgh rooters as "Bill" Semler, Tommy Leach, Carl Cialella, "The Baron," "Searcat," Rudy, only to mention a few, barked out glad tidings about the Pirates. . . . The consensus of opinion is that the Traynors will face the Yankees in the fall classic. . . . Local fans are displaying so much enthusiasm about the Pies that everything else in the sporting world follows the happenings of the Bucs.

Off the cuff . . . "Izz" Solomon

one of the city's leading golfers, says a Lawrence county open would be an ideal way to lower the curtain this season. . . . The tourney would be a one-day affair. . . . Understand the Butler Yankees might be able to use a pair of Lawrence county chukkers, Braykovitch and Hardesty. . . . Our Hurricane Tipster said New Castle will be a better club than last season.

Frank Braykovitch . . . Wampom's stellar pitcher, Frank Braykovitch, confessed today that he wasn't himself the day Honus Wagner came here to watch him pitch. . . . The appearance of the former star troubled the local young man tremendously. . . . A few days later Braykovitch faced New Galilee, Beaver League first half champs, and came up with as splendid a game as any scout would care to see. . . . He whiffed 14 batters and allowed but four hits. . . . Too bad Honus wasn't riding behind a bush. . . . So far, Braykovitch has won 14 tussles against five losses. . . . He is a right-hander and easily the outstanding local pitcher of the season. . . . His record even includes two no-hit, no-run contests.

Big league stuff . . . Monte Pearson's recent no-hit, no-run game against his former mates, Cleveland Indians, was the best pitching performance in the American League since Dietrich's no-hitter against the Browns in 1937. . . . According to statistics, it takes an average of 7.5 batsmen to score a run in the National League. . . . Pittsburgh's Bucs have played to close to 450,000 fans on the road. . . . The fall season should bring about the biggest mauling, buying and swapping spree in years. . . . This guy, Phil Weintraub must be eating

spinach or something. . . . His betting mark is something like 340

If the Cubs and Cincinnati break loose with a winning streak, the National League winner may be decided in the final two weeks of the campaign.

Start of football . . . As far as can be established, football was first played in these United States during the latter part of the 18th century. . . . Rules were taboo in those days, and players merely kicked the ball around for fun. . . . The first inter-collegiate game in history was staged at New Brunswick, N. J., November 3, 1869, when Rutgers tripped Princeton. . . . The score was 6 goals to 4.

A bit of this and that . . . Someone has figured out that the winner of the \$13,500 Westchester 108-hole open, beginning September 10, will receive \$11,900 a stroke. . . . Bill Posedel, Brooklyn pitcher, is a former middleweight boxing champ of the navy. . . . Smead Jolley, former White Soxer, is leading the Pacific Coast league with a mark of 350. . . . Temple University's football team, for the past 13 years has averaged 1,000 miles a trip for every game played away from home.

Overnight Sports

(International News Service)

For the second consecutive year, the Newark Bears won the International League baseball pennant. The Yankee farm club clinched the title by beating Baltimore 9-4 last night, going 15 1/2 games ahead of Syracuse. Each club has only 15 remaining to be played.

Professional gridgers dimmed the enthusiasm of the campus stars today. The Chicago Bears scored a 26-14 win over a group of college all-stars in a charity game at Providence last night while the Chicago Cardinals blanked another all-star eleven to the tune of 32-0 at St. Louis.

Miss Helen Bernhard of New York, meets Miss Margaret Jewett of Sacramento for the Girl's National Tennis title at Philadelphia today.

American and Australian teams today were drawing for pairings in the week end net classic when the United States defends the Davis cup.

Freddie Miller, former featherweight titleholder of Cincinnati, won a 10-round decision that produced boos over Johnny Kling, British empire bantamweight king, at Liverpool, England.

A re-enactment of last year's final was on tap for today when defending champion Virginia Gulfoff meets Dorothy Traung in the semifinal round of the Mason and Dixon Women's Golf championship at White Sulphur Springs.

MANY VETERANS REPORTING BACK

PITTSBURGH, Sept. 2.—It will be Labor Day in earnest for fifty-six Pitt football players, who will report today for two weeks pre-school practice on the Panthers' hilltop practice field. Coach Jock Sutherland has called the first session of the 1938 season for the holiday morning, and will follow it up with another drill in the afternoon.

This fall Pitt meets West Virginia, Temple, Duquesne, Wisconsin, S. M. U., Fordham, Carnegie Tech, Nebraska, Penn State, and Duke on successive Saturdays, and the large squad must be well prepared for that first one with West Virginia.

The Pitt coach meets his squad on Sunday evening, and the equipment men have finished their preparatory work, so that they will be ready for a quick getaway for the Panthers.

During the two weeks session there will be two drills daily, followed by blackboard work at night. The team will be quartered at the Pittsburgh Athletic Association.

Subject to shifts after the players assemble the division by positions follows:

Ends: William Daddio, Fabian Hoffman, Joseph Rettinger, John Dickinson, Charles Fleming, John Goodridge, Leslie Holt, Stephen Horton.

Tackles: Elmer Merkowsky, Walter Raskowski, Ralph Hafer, Thaddeus Konetsky, Albert Gurczonski, Benjamin Asavitch, Pido Gonzalez, John Benz, Frank Kristufek, Joseph Cambel, Alfred Berger.

Guards: Albin Lezowski, Stephen Petro, Gerald Lewis, Harold Klein, Arthur Corace, Rudolph Gradisek, Earl Shord, Victor Donahue, Paul Foley.

Quarterbacks: Chickerno, Benjamin Kish, Walter Friddle, James Kosinski, Andrew Cooper.

Halfbacks: Harold Stebbins, Richard Cassiano, Robert Thurbon, Emil Nard, Joseph Stock, Lawrence Peace, George Kracum, Ernest Bonelli, Louis Sleser, Charles Shea, John Sylvester, Clement Cambel.

Fullbacks: Marshall Goldberg, Michael Sekela, Frank Goodell, Alvin Leber, Earl Pressell.

RIFLE CLUB TO SHOOT TONIGHT

The New Castle Rifle Club will have a practice shoot at the Cathedral range at 7:30 o'clock tonight. It was announced by Leo W. Hill president of the club.

FROM ME TO YOU

By MESEALL

When we say that it is necessary to buy in New Castle we are not leaving out one person... one or two store owners think it necessary to buy in town. This is not right... you would be very much surprised if names were made public... and then again, maybe you wouldn't... but just for fun someday we are going to give a few names.

No doubt you have received through the mail advertisements from out of town concerns wanting you to buy shirts, neckties, raincoats, radios and other merchandise... telling that they are giving it away... away below cost... Listen, folks... no concern or person can give merchandise away... If it's cheaper in price when new, then it's cheaper in quality... Our local merchants have sales... they offer you good merchandise at reduced prices... they want to be here next year and the year after that... they would go through the mails... where are they? If you would go through the mails or watch how many packages come in... or watch and see how many different articles of household goods are carried into New Castle within one year... you would drop over... So folks, why not buy in New Castle... your local merchant deserves your business.

And still no rain... It will no doubt come during the holiday week-end... but we need it nevertheless... wish we had an air current map... like to know where these cool winds are coming from... It seems like fall and if you don't tell a single person... it is almost fall... Anyhow we are now in the dryer season... after being out in the brisk cool air... what is more soothing than a good bowl of cream oyster soup?

Just a little note from football camp... our scoop from out that-a-way says... The backfield will be very fast this year but the line is a question as yet... but the outlook is very good and we should have a very fine season... Glad to hear that, young fellow... but how is Bridenbaugh's indignation? Does Fatty Nelson have any more bolles? (We hope not)... eat and be merry lads.

Stock Market Steady Today

Market Recovers Nicely From Thursday's Break, Gains Are Mostly Small

By LESLIE GOULD
International News Service Financial Writer

NEW YORK, Sept. 2.—The stock market steadied today, as bulls recovered modestly from yesterday's break. Gains were small in most instances, however, and volume was extremely light.

Pivotal rail stocks chalked up small fractional gains during forenoon dealings, with moderate buying noted in Southern Pacific, N. Y. Central and Santa Fe.

Aviations, rubbers, motors, steels and coppers all were well above last night's closing levels. Utilities, though, were inclined to lag, as were most of the mining shares.

Principal European markets ruled a little higher, and the British pound recovered partly after breaking further into new low ground for the past three years.

Business news continued cheerful, with indications of additional improvement after the Labor Day holiday. President Knudsen of General Motors predicted that auto sales for 1939 model year will show a gain of 25 to 35 per cent over the year just ending.

Case in the farm implements was exceptionally strong, gaining 1 1/2 points on a few sales. U. S. Rubber, Douglas Aircraft and Chrysler were among the few issues to chalk up gains of a point or more before meeting profit-taking.

Included in the group of stocks to buck the upward trend were U. S. Smelting, down 2 points, Owens-Illinois Glass, Johns-Manville and American Can.

Scientist Urges Love Meters For Wooing Couples

Britisher Claims "Love Meter" Will Help You Choose Right Mate

(International News Service)
LONDON—Young men and women may soon love with meters in their pockets, according to Professor A. M. Low, the famous British scientist. Asserting that it was true love was considered by scientists, and not by song-writers or poets, Professor Low said:

"Lovers of the future will clasp hands and walk in the moonlight as they do now, but they will have little tell-tale meters in their pockets which will register their feelings toward each other."

Scientific Test Urged
"That may seem fantastic, but I think the only hope for marriage in the future is a scientific test for both the partners. I am a great enthusiast for medical examinations."

"Love is a question of two people having the same 'emanation' characteristics," for everybody produces rays similar to radio beam rays.

"These can be measured by the meter, as a speedometer registers speed, and I am experimenting with what I have called a 'lovemeter,' which will prevent young men and women choosing the wrong partners."

Legion Groups Have Splendid Outing Thursday

Randolph Post Auxiliary Entertains 125 At Corn Roast At Park

ELLWOOD CITY, Sept. 2.—One of the most enjoyable activities of Thursday evening took place at Ewing Park grove when members of the J. Wilbur Randolph post auxiliary of the American Legion, entertained the post at a corn and wiener roast.

The hours were passed in a merry manner with a string orchestra providing additional entertainment for the 125 members and guests attending. A huge outdoor bonfire was built and the refreshments were cooked about the fire and from reports of those attending they were more than delicious.

Mrs. Walter P. Simpson was general chairman and she was assisted by Mrs. Louise Morrison, Mrs. Frank Lemery, Mrs. John Luck, Mrs. Helen Little, Mrs. Howard Stroup, Arthur Grandey, Dan Evans, Charles Baird and Carl Shirley and they are to be credited for the fine evening.

On Tuesday, September 13, members of the auxiliary will resume their regular meetings in the Legion rooms. The new officers will assume their duties at the October meeting.

District Governor Addresses Rotary

Importance Of Expanding Rotary Stressed By Glenn Rickert

ELLWOOD CITY, Sept. 2.—Rotary District Governor Glenn Rickert, of Kane, Pa., made his official visit to the local club last night meeting in the First Presbyterian church and gave a new slogan to the Rotarians, "If anything is worth doing, it is worth doing badly."

This is a play on the old adage, and emphasizes a good point, that things worth doing are worth while for less experienced people to do as well as they can, even if that seems to them far from what it should be.

In his address he stressed the necessity of extending Rotary among the members and in forming new clubs.

An announcement was made of the district conference, May 9, 10, and 11 at New Castle and the International convention in Cleveland.

Moss Lauderdale and a guest, Frank Crawford, of Glenshaw, marking their wedding anniversaries were honored.

It was agreed to endorse the Pennsylvania Association for the Blind.

Pythian Sisters Given Reports Of State Convention

ELLWOOD CITY, Sept. 2.—Mrs. Florence Harvey and Mrs. Ruth Price, delegates to the Grand Territory convention held recently at Sunbury, Pa., gave excellent reports of the various sessions at the regular meeting of the Pythian Sisters Lodge last night when the members gathered in the V. F. W. hall.

Mrs. Harvey was honored by being elected state press correspondent.

The meeting adjourned early in order that the past chiefs could attend a corn roast at Ewing Park. Another meeting will be held on Thursday evening, September 15, at the hall.

Mrs. Mary Hill Has J. F. F. Club

ELLWOOD CITY, Sept. 2.—When members of the J. F. F. club gathered last evening at the home of Mrs. Mary Hill of Hazen avenue, they had as their guest, Mrs. Lewis Young of Woodlawn avenue.

Cards at two tables formed the evening's diversion with suitable awards being presented to the winners. Mrs. N. J. Gordon and Mrs. Sadie McMurdo, Mrs. Anna Frank assisted Mrs. Hill with the serving an appetizing lunch.

The Todd avenue home of Mrs. Reed Hall will be the meeting place on Thursday evening, September 15.

Memorial Church To Extend Call

ELLWOOD CITY, Sept. 2.—An important congregational meeting for members of the Bell Memorial Presbyterian church will be held on Sunday at 12 o'clock following the regular 11 o'clock worship service.

The purpose of the meeting is to extend a call to a candidate for the pastorate, which has been vacant for more than a year.

Swimming Pool Is Ellwood Need

Playground Commission Agrees It Is Greatest Recreational Need Of Town

ELLWOOD CITY, Sept. 2.—The Ellwood City playgrounds commission unanimously agreed last night that the greatest recreational need in Ellwood City was a municipal summer pool.

A special resolution was passed that the borough council recreation committee do everything in their power to obtain this pool for next summer's use.

The small outside Shelby pool will no longer be in use as it has been condemned by the State Department of Health, it was stated.

Federal funds would allow the Borough 45 per cent of the cost of the pool and the playground commission has been informed that they have until September 30th, to get the project in.

McKeesport, Grove City, New Wilmington, Clariton, Youngstown, and Pittsburgh are all making money on their municipal pools. Civic clubs, fraternal and patriotic organizations are expected to join in the movement to obtain a pool for the community.

In playgrounds supervisor Denny Schill's report it was revealed that the average daily attendance at the various playgrounds were as follows: Shelby 466; Ewing Park 341; West End 273; Fuller Field 178; North Side 205, or a total of daily attendance of 1462 children.

In fact the commission sponsored some thirty teams and sponsored the American Legion baseball league with the American Legion post. Other activities included weekly projects for boys and girls, tennis tournaments, band concerts and other playground routine.

The commission had the splendid support of the Borough Council, school board and W. P. A. recreational department of which Frank Leonard was the supervisor.

The local commission is made up of school superintendent Ellis Bell, Frank Potter, Russell Stiller, Blaine Hancher, Paxton Pike and Burgess McGilincy. The latter two did not attend last night's meeting.

Methodist Classes Combined Meetings

ELLWOOD CITY, Sept. 2.—A combined affair that proved to be most enjoyable was held last evening by members of the Willing Workers and Daughters of Ruth class of the Wurttemberg M. E. church at Ewing Park grove.

The first feature of the evening was a delicious supper enjoyed at 6:30 o'clock with Mrs. Stella Lutton and Mrs. Stella B. Boos, teachers of the classes, in charge.

Mrs. Merrill Horton and Miss Jean Kirker led by the devotional portion, after which the hours were passed in a pleasant manner.

The Willing Workers class will meet again on Thursday evening, October 6, with the place to be announced.

Rock Point Club At Matheny Home

ELLWOOD CITY, Sept. 2.—Mrs. Joseph Matheny charmingly entertained members of the Rock Point club on Thursday afternoon at her home, on the Ellwood-Wampum road.

Sewing and quilting passed the hours pleasantly with the hostess serving a dainty lunch.

The home of Mrs. Harry Gabler, of the Wampum road will be the scene of the next meeting Thursday, September 15.

Young People's Union Service

ELLWOOD CITY, Sept. 2.—A union service will be held by the Young People's Council of the Slippery Rock Presbyterian church, Y. P. C. U. of the Wurttemberg U. P. church and the Epworth League of Sunday evening at the Methodist church.

Rev. F. H. Daubenspeck of the Trinity Lutheran church will conduct the services.

Members of the family will receive friends and relatives at the funeral home until time for the services. Interment will be made in Fugh-town, W. Va.

Mrs. Alice Stamm Honored By Family

ELLWOOD CITY, Sept. 2.—To make the 80th birthday anniversary of Mrs. Alice Stamm, of the Ellwood-Zenith road, an outstanding one, her brothers and sisters and family gathered on Wednesday at her home for a family reunion.

Delicious picnic meals were enjoyed at noon and the early evening and the day was devoted to visiting.

For the occasion Mr. and Mrs. C. D. Carr, Mrs. Stella Walton, Mr. and Mrs. J. S. Douth and Mr. and Mrs. Thomas Douth, all of Salem, O., joined with Mrs. Stamm's family, Mr. and Mrs. Dan Stamm, Walter Stamm, Mrs. William Breneman and family and Mr. and Mrs. William Hunter and family, of this city.

Another daughter and son-in-law, Dr. and Mrs. J. J. Munson and son, Leonard, Jr., of Chicago, Ill., will arrive tomorrow to spend the holidays at the Stamm home.

Mrs. Stamm has lived for many decades at her present home and is well-known and much esteemed. She was presented with many lovely gifts.

Mrs. Don Gordon Pleasing Hostess

ELLWOOD CITY, Sept. 2.—Mrs. Albert Snyder was a special guest of the Bide-A-Wee club members who were hospitably entertained last evening at the home of Mrs. Don Gordon on First avenue.

For winning high score in 500, Mrs. John Christie and Mrs. Arthur Green were presented with pretty gifts. Mrs. Gordon, aided by Mrs. Snyder, served nicely prepared refreshments.

Mrs. Emmett Schweinsberg was honored with a shower and invited the members to meet again on Thursday, September 15, at her home on Todd avenue.

M. E. Society Plans Activities

ELLWOOD CITY, Sept. 2.—To plan fall activities, members of all the divisions of the Ladies Aid society of the First Methodist church gathered last evening in the church rooms for a combined business and social meeting.

Mrs. Paul Winter, general president, conducted the meeting and the members were pleased with the gratifying reports given by the various treasurers.

During the social hour that followed, dainty refreshments were enjoyed. Beginning in October, the four divisions will hold separate monthly meetings and join the quarterly society meetings.

Mrs. Ella Shaffer Is Guest Of Club

ELLWOOD CITY, Sept. 2.—In a hospitable manner, Mrs. Warren Wilson welcomed members of the Thursday club to her home on the Ellwood-New Castle road for their bi-weekly meeting. Mrs. Ella Shaffer shared as a special guest.

Cards claimed the attention of the group with nice prizes going to Mrs. Arthur Nickles and Mrs. Paul Moon as the winners. A refreshing repast was served by the hostess at an appropriate hour, after which the members departed, to meet again on Thursday evening, September 15, with Mrs. Philip Blandine of Fourth street.

RETURNS HOME

ELLWOOD CITY, Sept. 2.—Mrs. Paul Grannis of Wayne avenue and her parents, Mr. and Mrs. Edward M. Mitchell of New Castle, have returned home after spending the past six weeks at Mt. Clemens, Mich. Mrs. Grannis' many friends will be glad to know that her condition is much improved.

Mission Members Make Many Plans

U. P. Women Have Fine Meeting Last Night In Church Parlor

Mrs. Dean Pieger, participating. Mrs. Thomas Patterson led the devotional period with the subject being "Service For Christ."

Mrs. Robert Lowery, Mrs. L. C. Bernhart, and Mrs. C. T. Brandt took part in the program and Mrs. Frank Potter contributed a lovely vocal selection. Miss Pearl Asher read an appropriate poem.

Arrangements for the annual Thank-Offering service in November were made during the business meeting led by Mrs. Joseph Young.

Boy Scout Movement Recognized As "Tops"

Editor's Note: This is the first of a series of articles to familiarize the public with the activities of various local agencies assisted by the New Castle Community Chest.

In every city throughout the United States, the Boy Scouts of America rank as the greatest organization in the life of the American youth. The same is true in New Castle.

The organization builds character, makes genuine American citizens and provides a well balanced educational and recreational program throughout the year. The scout movement keeps the American youth from the street gang, among other things.

The gist of the Boy Scouts of America is summed up in the oath: "On my honor I will do my best to do my duty to God and my country, and to obey the scout law, to help other people at all times, to keep myself physically strong, mentally awake and morally straight."

The movement shows a continuous gain in New Castle. In July 1937, there were 23 troops and 545 scouts. July of this year showed an increase of 12 troops and 205 scouts. Today there are 35 Boy Scouts and 83 troops here. Of the 13 new troops, 9 were organized under church sponsorship, the other four by various civic groups. Among the 13 troops, there were three set-up by the Catholic church, one by a Jewish, Fraternal organization. Boys of all religious beliefs are receiving benefits of the scout program.

Scouts receive the benefit of a proper boyhood training. Besides troop activities, scouts participate in district co. activities, including camping, troop-p-rees, campfires, patrol competition, scout conventions, winter camping and many other rallies.

The training of scouts benefits the community in times of emergencies. Ralph A. Criswell, Chief of Police, has this to say about Boy Scouts: "As police head, I have had an excellent opportunity to come in contact with our local Boy Scouts and on all occasions when they have been called upon to assist with traffic or a parade or whatever the case might be, their services and co-operation have always been outstanding."

I have also observed that a scout is self-reliant and resourceful, which enables him to be of invaluable service in times of emergencies and I have never known a scout to be at a loss to know where to begin or what to do. His training is discipline, first aid, wild life and good fellowship also contribute to his ability to serve. The work of scouts should be given recognition which it deserves and they should be congratulated for their fine example of good citizenship.

What Is Scouting?
Scouting is a program of character building and citizenship training through interesting, useful things for boys to do during their leisure time. These boys learn the mysteries of woodcraft, first aid, swimming, life saving, outdoor cooking and camping, signaling, map making, hiking and citizenship.

Scouting gives boys an opportunity to serve their community at all times, especially in time of emergencies. This great organization aids boys to value the great heritage which the past has brought him in the life and ideals of America. Scouting points the way to good citizenship through service. Not getting but living—not only giving back that which he has received, but also making it better for the future.

Like the Red Cross, the Boy Scouts of America is chartered directly by Congress. President Roosevelt is the organization's honorary president. Scoutmasters are picked local men, who give their time because of their interest in the American youth. Scouting is neither military nor anti-military. Political or commercial entanglements are carefully avoided.

Scouting knows no race, creed or class. Troops are found alike in Catholic parishes, Jewish synagogues and Protestant congregations. It is available to farm or city alike. It is found in school—it serves the rich as well as the poor. Its aim is to help each of these boys to become ideal citizens.

The boys not only find fun, but also a chance to be something more. Every boy really wants to make good—to amount to something—to be of value in life. The ideals of such great Americans as Washington, Lincoln, Roosevelt, Wilson and others serve as an incentive to America's millions of Boy Scouts.

The work performed by the New Castle Community Chest cannot be measured in dollars and cents, but rather in human life. Probably one of the most outstanding agencies assisted by the Community Chest is the Boy Scouts of America. The outstanding work of the scouts in New Castle is apparent twelve months of the year.

Have You Read?

Rose Hawthorne Lathrop, youngest daughter of Nathaniel Hawthorne, inherited from her father a tendency toward mysticism and humanitarianism which led her into the Catholic church.

Her personal life ruined by an unhappy marriage, she turned to work among the neglected poor and founded the Society of Servants for the Relief of Incurable Cancer. This led to the founding of a great work to which, under the name of Mother Alphonsa, she devoted her whole life and literary talents for over 30 years.

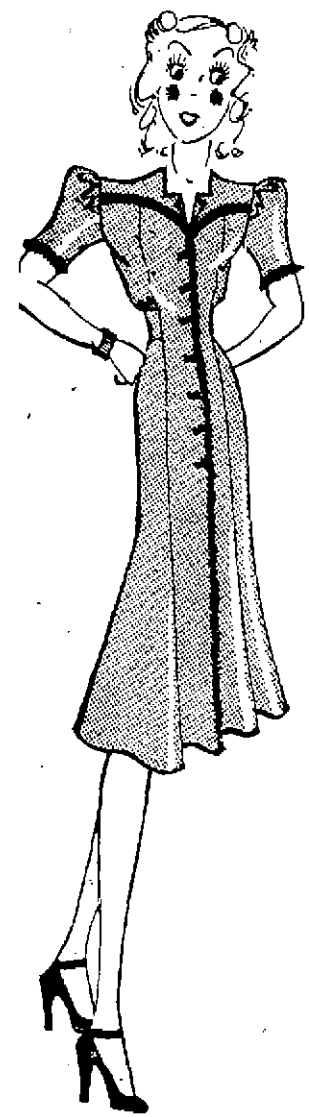

"Sorrow Built a Bridge," is the story of this remarkable woman, told with insight and sympathy by Katherine Burton.

The book may be borrowed from the library.
